Preface

Bhavan's Sheth R. A. College of Arts and Commerce submits this Self- Study report as part of the re-accreditation process, cycle two. This report documents study and analysis of the college by the members of the college community. Members of the faculty, staff, student body, administration, and Board of Trustees participated as members of the self-study committees.

Purpose of the Report

While this report was developed as a required part of the accreditation process, it also serves as a celebration of our strengths as an institution of higher learning and an evaluation of our weaknesses. It will be used to further the college's progress on institutional effectiveness and as a guide for addressing the college's weaknesses.

Bhartiya Vidya Bhavan is one of the premier Educational Trusts in the country. The seed of the College was germinated in 1939s by Kulpati K. M. Munshi. In 1965 the College came into being and became one among the first in the eastern Part of the city with the objective of imparting higher education to second generation learners in the region. The college has flourished since then under the patronage of the worthy educationists, who expanded the college into the faculties of Arts and Commerce and added Culture and Philosophy, Courses for NRIs and multidisciplinary courses as major programmes.

The College is known for its tradition of excellence and distinguished alumni. It has produced generations of experts, businessmen, professionals, scholars and statesmen, who occupied many important positions in various walks of life. The glorious future seems ahead with need of quality education.

The globalization has divided the country into two spirits: Bharat and the India Shining. Bhavans Arts and Commerce College caters to the local need as well as fulfills its global responsibility. In fact it has a unique task to bridge the business oriented State environment with the ever expanding learning phenomenon. The recent collaborations of the College with International Institutions / Groups reflect its dimensions.

Though the present report is the culmination of the deliberations with the faculty members in various departments and observations of the facilities available in each department still much seems unrepresented in the columns of Self Study Report. The academic capacity of the College based on its infrastructure, personnel and institutional climate reflects in the all-round growth of the education in its premises.

This is an important year for the trust since it celebrates 75th years of its establishment. A long journey has been covered during this time. The college has strengthened itself in many ways.

Today it stands as a proud member of the educational community in higher educational scenario.

Dr Neerja A Gupta

Principal

Executive Summary

Bhavan's Sheth R.A.College of Arts & Commerce is a Grant-in Aid affiliated with The Gujarat University and it educates men and women for productive and fulfilling lives, rewarding careers, service to the community, and advanced academic and professional study under Choice Based Semester System. The College challenges its students intellectually and emphasizes that learning is a lifelong endeavor – and pleasure.

Arts and Commerce are the foundation of the curriculum. It offers B Com. Hons, BA Hons and MA in English courses in the campus. Instruction emphasizes critical thinking, reading and writing, analytical reasoning, listening and speaking, and making informed decisions. All academic programs reflect this emphasis. The College, both in its curriculum, and especially, in its support services, encourages students' self-development. Integrity and personal ethics are important to us. We want our students to respect themselves and each other, to appreciate their responsibilities as citizens and for the physical environment, and to respect other cultures and human differences.

The College is proud of the leadership it takes in the larger community, and in the region, and affirms its continuing commitment to serve the people. The purpose of Bhavan's Sheth R.A.College of Arts and Commerce is to provide excellent academic, experiential, and co-curricular programs that enable us to achieve these ends. Our pledge is to remember constantly that the hope of a deeper and more knowingly meaningful life is inherent in education. At the same time the college doesn't forget to serve the society at its call. In recent uttrakhand disaster the college went to Uttrakhand to provide services towards rehabilitation. So much so that today the principal has become a nodal person for rebuilding houses and villages. The college also has high belief in tradition and culture. This year the college is celebrating 75th year of tee establishment of its trust and 125th year of its founder Dr K M Munshi... To observe both events the college has started a year long activities bringing on to the surface the cultural, traditional, academic, intelligence and Indian knowledge traditions before the society.

The College is located on the bank of river Sabarmati in Khanpur area. The land area is 4110 sq.mts. The College is mainly housed in a 5-storeyed building. It also has a big auditorium, ample parking space and seminar halls. The College is affiliated to Gujarat University and is included in the list under section 2(f) and 12(b) of the UGC Act right from 1965.

Bhavan's Sheth R.A.College of Arts and Commerce began in the 1965 as an institution designed to deliver a typical mid-twentieth-century liberal arts

and pure sciences curriculum in innovative ways Bhartiya Vidya Bhavan, Bombay, popularly known as “Bhavans” a trust registered under both, the societies registration act and Bombay Public Trust act, founded by late Dr. Kanaiyalal Munshi, has its centers at present all over India and abroad including USA & UK.

This prestigious institution of higher education is a constituent part of Bharatiya Vidya Bhavan, Mumbai established by the great visionary educationist late Shri K.M.Munshiji in 1965 in Ahmedabad with a specific objective of propagating India’s most valuable treasure of cultural heritage to up coming generations along with modern University education. The founder, Kulpati Dr.K.M.Munshiji, therefore took up this great task as a challenge to be realized through complete dedication, devotion and dynamism.

At Ahmedabad, Bhavan’s established a two faculty college in 1965 with a benevolent donation of a three-storey building costing approximately Rs. 3 lacs from Sheth Shri Navnitlal Ranchhodlal and free land from government of Gujarat and named it as Bhavan’s Sheth Shri Navnitlal Ranchhodlal College of Arts & Science. To further cater the needs of the society, Bhavan’s expanded its activities at Ahmedabad and the college was bifurcated into two single – faculty colleges in 1967 as (i) Bhavan’s Sheth R.A.College of Science and (ii) Bhavan’s Sheth R.A.College of Arts and to house the colleges added two more storey to the building. In 1969 the Commerce faculty was added to Arts Faculty College, and an institution named H. B. Institution of Journalism & Printing Technology (now named as H. B. Institute of Communication & Management) was also started. Subsequently Bhavan’s added a Sugam Sangeet Vibhag and an air-conditioned auditorium in the campus. To summarise, Bharatiya Vidya Bhavan has following institutions at present its campus in Khanpur, Ahmedabad.

1. Bhavan’s Sheth R.A.College of Arts & Commerce and Post Graduate Degrees. The college runs during morning hours and has students’ strength of 1980 at present.
2. Bhavan’s Sheth R.A.College of Science, which prepares the students for B.Sc. and M.Sc. and 3 certificate technical courses. The college runs during afternoon hours and his student strength of 1200 approx.
3. Bhavan’s H.B.Institute of Communication & Management, which prepares the students for one- year post –graduate govt. Recognised diplomas in communication and management and Certificate Course in English Speaking.
4. The institute runs during evening hours and has student strength of around 1200.

5. Bhavan's Jethalal Amratlal air conditioned auditorium having sitting capacity of 750.
6. Bhavan's Sugam Sangeet Vibhag.
7. Gandhi Institute of Computer Application which provides Computer education at almost negligible cost.

The college is awarded with the College With Potential for Excellence CPE status by the UGC. It also availed Additional Development Grant. It has been able to get sponsorship from The State Bank of India as a large sum to celebrate Twin celebrations.

The college has organized National, International UGC and SBI sponsored seminars and conferences. It has its In-House publication department. It also has an international journal with ISSN with a very reputed Editorial board.

The college has come out with quality publications.

The college has faculty of senate members, members of Board of Studies and Chairperson and members to a number of committees set by the department of Higher Education, Government of Gujarat and Gujarat University. The principal is also asked to Chair the activity related to internal assessment according to NAAC for the colleges in Gujarat by HE Gujarat. The college is always set up as a model college by HE Gujarat Government and University to take up the challenges of any novel activity.

The college has entered into MOU with Global Universities from Canada, USA and Indonesia.

The curriculum required expertise and despite the fact that the physical resources for such programs were inadequate, infrastructure was built to match the study based as well as extra curricular activities. The students have topped the University right from the first batch of the college. It has induced in all students such values as were required to partake of cultural enrichment opportunities. Today the student population has become much more diverse; a majority of students now major in areas that are oriented toward specific careers and computers, are everywhere. In the 21st Century, the College continues to face a variety of challenges, many of them new enough that their implications are not fully understood. A number of new courses are introduced by the College at the University level in past one year and one Faculty has been nominated by Gujarat University to run these courses at the Campus. These courses include Study Abroad Programme, Semester in India Programme, and Special course for NRIs and International Programme. This also includes M.Phil in Indian Diaspora, a multi-disciplinary programme. The

college is a recognized center for M.Phil. and Ph.D. by Gujarat University, Kadi Sarvavidyalaya University, Pacific University and JJJ University.

Managed by a highly motivated and value-oriented Trust, the College resumed to cater to the densely populated city area which is primarily inhabited by lower middle and middle class students, majority from Gujarati medium. The college faces the challenge of turning ordinary into excellent and as a result it.

The College challenges its students intellectually and emphasizes that learning is a lifelong endeavor and pleasure. Educational support services have undergone many changes, but the provision of tutoring and expansion of career and internships opportunities helps the College meet its stated purpose. Enrollment management has been strengthened during the last few year to improve student recruitment and to make projections about student enrollment. Information about each of the above areas is presented elsewhere in this report. The College has improved its physical facilities; The inclusion of Air Conditioned 200 seater auditorium, Two Audio Visual Multi media supported room, Language laboratory, One online exam laboratory from DELL, Wi-fi campus, Internet facilities, Fully Automated library, fully automated administrative and financial system and renovations of the classrooms with interactive multi media tools of teaching including white boards, projectors, sound system, computer facilities etc. have helped the College better meet its stated purpose. The purpose of Bhavan's Sheth R.A.College of Arts and Commerce is to excel in engaging students who want to succeed in life and work, and to develop those intellectual and social skills, and personal qualities of mind and heart, that will enable them to be responsible, productive, contributing, healthy, and fulfilled members of a diverse and free society in relation to their families, workplaces, communities, nation, and world.

The College has 1980 students on roll, permanent staff of 22 faculty and 5 management employees, Commerce, Accountancy, English, Gujarati, Psychology, Sociology, and Economics make 7 main departments complemented with Sanskrit, Statistics, Physical Education and Computer Science for subsidiary studies.

The College is proud of the leadership it takes in the larger community, and in the region, and affirms its continuing commitment to serve the people. The purpose of Bhavan's Sheth R.A.College of Arts and Commerce is to provide excellent academic, experiential, and co-curricular programs that enable us to achieve these ends. Our pledge is to remember constantly that the hope of a deeper and more knowingly meaningful life is inherent in education.

Introduction

Bhavan's Sheth R. A. College of Arts and Commerce submits this Self- Study report as part of the accreditation process. This report documents study and analysis of the college by the members of the college community. Members of the faculty, staff, student body, administration, and Board of Trustees participated as members of the self-study committees.

Purpose of the Report

While this report was developed as a required part of the accreditation process, it also serves as a celebration of our strengths as an institution of higher learning and an evaluation of our weaknesses. It will be used to further the college's progress on institutional effectiveness and as a guide for addressing the college's weaknesses.

History of the Institution

Bhavan's Sheth R .A. College of Arts & Commerce is a Grant-in Aid College affiliated with Gujarat University and it educates men and women for productive and fulfilling lives, rewarding careers, service to the community, and advanced academic and professional study. Bhavan's Sheth R. A. College of Arts and Commerce began in the 1965 as an institution designed to deliver a typical mid-twentieth-century liberal arts and pure sciences curriculum. Bhartiya Vidya Bhavan, Bombay , popularly known as "Bhavan's", a trust registered under both , the societies registration act and Bombay Public Trusts act, founded by late Dr. Kanaiyalal Munshi has its 187 centers at present all over India and abroad including USA & UK.

At Ahmedabad, Bhavan's established a two faculty college in 1965 with a benevolent donation of a three- storey building costing approximately Rs. 3 lacs from Sheth Shri Navnitlal Ranchhodlal and free land from government of Gujarat and named it as Bhavan's Sheth Shri Navnitlal Ranchhodlal College of Arts & Science. The college commenced in 1965 June with pre- university Science & F. Y. B. Sc. Classes and pre – university Arts & F. Y. B. A. Bhavan's expanded its activities at Ahmedabad and the college was bifurcated into two single – faculty colleges in 1967 as (i) Bhavan's Sheth R. A. College of Science and (ii) Bhavan's Sheth R.A. College of Arts and to house the colleges added two more storey to the building. In 1969 the Commerce faculty was added to Arts faculty College, and an institution named H. B. Institution of Journalism & Printing Technology (now named as H .B. Institute of Communication & Management) was also started. Subsequently

Bhavan's added a Sugam Sangeet Vibhag and an air-conditioned auditorium in the campus. To summarise, Bhartiya Vidya Bhavan has four institutions at present at its campus in Khanpur, Ahmedabad:

- (1) Bhavan's Sheth R .A. College of Arts & Commerce and Post Graduate Degrees. The college runs during morning Hours and has students' strength of 1980 at present.
- (2) Bhavan's Sheth R. A. College of Science
- (3) Bhavan's H .B. Institute of Communication & Management
- (4) Bhavan's Jethalal Amratlal auditorium with a capacity of 750 people
- (5) Bhavan's Sugam Sangeet Vibhag.
- (6) Gandhi Institute of Computer Application

At the commencement of the college most students were between the ages of 16 and 22, and until the late 1960s, all were Caucasian. The curriculum required expertise and despite the fact that the physical resources for such programs were inadequate infrastructure was built to match the study based as well as extracurricular activities. The students topped the University right from the first batch of the college. It induced all students such values which were required to partake of cultural enrichment opportunities. Today the student population has become much more diverse; a majority of students now major in areas that are oriented toward specific careers and computers are everywhere. The History, Sanskrit, Persian, major have been suspended. In the 21st Century, the College continues to face a variety of challenges, many of them new enough that their implications are not fully understood. A number of new courses are introduced by the College at the University level in past one year and one Faculty has been nominated by Gujarat University to run these courses at the Campus. These courses include Study Abroad Programme, Semester in India Programme, Special course for NRIs and International Programme. This also includes M. Phil., in Indian Diaspora, a multi disciplinary programme.

The College challenges its students intellectually and emphasizes that learning is a lifelong endeavor -- and pleasure. Educational support services have undergone many changes, but the provision of tutoring and expansion of career and internship opportunities helps the College meet its stated purpose. Enrollment management has been strengthened during the last few years to improve student recruitment and to make projections about student enrollment. Information about each of the above areas is presented elsewhere in this report. The College has improved its physical facilities; The inclusion of Audio Visual Multimedia supported room, Language laboratory, Internet facilities, Fully Automated library and renovations of the classrooms etc. have helped the College better meet its stated purpose. The purpose of Bhavan's Sheth R. A. College of Arts and Commerce is to excel in engaging students

who want to succeed in life and work, and to develop those intellectual and social skills, and personal qualities of mind and heart, that will enable them to be responsible, productive, contributing, healthy, and fulfilled members of a diverse and free society in relation to their families, workplaces, communities, nation, and world.

The liberal arts and Commerce are the foundation of the curriculum. Instruction emphasizes critical thinking, reading and writing, analytical reasoning, listening and speaking, and making informed decisions. All academic programs reflect this emphasis. The College, both in its curriculum, and, especially, in its support services, encourages students' self-development. Integrity and personal ethics are important to us. We want our students to respect themselves and each other, to appreciate their responsibilities as citizens and for the physical environment, and to respect other cultures and human differences.

The College is proud of the leadership it takes in the larger community, and in the region, and affirms its continuing commitment to serve the people. The purpose of Bhavan's Sheth R. A. College of Arts and Commerce is to provide excellent academic, experiential, and co-curricular programs that enable us to achieve these ends. Our pledge is to remember constantly that the hope of a deeper and more knowingly meaningful life is inherent in education.

Criterion I: Curricular Aspects

1.1 Curriculum Planning and Implementation

1.1.1 State the vision, mission and objectives of the institution, and describe how these are communicated to the students, teachers, staff and other stakeholders.

Ans.

The Vision Statement

Bhavan's Sheth R. A. College of Arts and Commerce will be a valued and vital community partner striving to enrich our expanding community and prepare our students to live and work in a locally challenging and diverse and demanding global environment.

The Mission Statement

Bhavan's Sheth R. A. College of Arts and Commerce, a comprehensive community college is an accessible, affordable learner-centered institution dedicated to student success serving the interior city area of Ahmedabad and beyond and will continually strive to impart quality education to enable its stakeholders to face the emerging challenges of the future.

Objectives

- Bhavan's Sheth R. A. College of Arts and Commerce will provide:
- A variety of college-level transfer programs to prepare students for seeking admission at senior colleges and universities.
- A variety of three year programs in Arts and Commerce designed to prepare students for employment immediately upon graduation.
- Gujarati medium Courses for students aspire to work in local environment.
- English Medium courses in Arts for students who have learnt from English as medium.
- B Stream Courses (English as a Second Language) for students seeking basic skills. A variety of continuing education opportunities designed for those who wish to upgrade employment skills or to pursue areas of personal interest.
- Economic development assistance in the form of expert guidance for business development and cooperative efforts with other economic development agencies and services in support of all educational programs to ensure student success and venues for cultural and social activities to

enhance the quality of life in our community. Provide ICT based infrastructure and Information Technology support catering to timely demands of professional scenario.

- Bring in relevant changes, motivate research environment and contribute positively in society as human being.
- The College is a “College of access” providing opportunities mostly to the students who live in the walled city area, deprived of multi facet development of infrastructure in society, belonging to lower middle and middle class, most of them have studied through Gujarati as medium of study and many of them have never offered English in their studies. A bit less than half of the students belong to minority communities. This means that the institution accepts a number of "at risk" students. Students are considered to be "at risk" if their results show just passing marks. To meet the challenges of the Vision and Mission the college has formulated some Goals:

The Goals

Strategy: The overall plan of action to reach specific goals.

Structure: The grouping of activities and dissemination of authority within the educational institution.

Systems: The procedures and information flow in the educational institution.

Staff: The demographic characteristics of the management, teaching and non-teaching staff and students who make up the educational institution.

Style: The behavioral pattern of the Management and Principal of the educational institution and its culture.

Skills: The things that the personnel and the educational institution as a whole do particularly with the Distinctive capabilities of the educational institution that sets apart from its competitors. For example including ICT learning in Language and Commerce subjects.

Subjects: The inclusion of contemporary field of studies after thoughtful analytical study of the curriculum.

Super ordinate: The shared values and over-riding purposes to which Goals the members of the College are dedicated.

1.1.2 How does the institution develop and deploy action plans for effective implementation of the curriculum? Give details of the process and substantiate through specific example(s).

Ans.

Much, to put it mildly, has changed since the years of inception of the college. Competitive pressures; demographic, economic, and other cultural changes; and new personnel have produced new features at a speed that is

sometimes bewildering. In the course of time the College developed and designed curriculum to serve non-traditional students too.

Looking into these aspects and to meet the mission the College currently offers a combination of traditional and innovative programmes. Some programmes are so new that they are perhaps the first and the only ones to be introduced in the country. The college has implemented the CBCS Semester system following the guide line of the Gujarat University since the academic year 2011. In the CBCS, along with the Core and Elective subjects, Foundation and Soft Skill Courses are added to the curriculum. Wherever possible, students are given choice to select Foundation and Soft Skill subjects. To add to the wide range of subjects, in the current year, the college has started several skill oriented multi courses for students, following the recognition as a model college and guide line of the Gujarat Government. Exceeding the target of 80 to 100 students attending these courses, more than 380 students have registered for the courses like Photography, Web Designing and Animation Fashion Designing, Competitive Examinations, etc., Our total student count for the current year is 1980. The College anticipates growing at the rate of 8-9% for the next few years. This growth arises from both an increase in the number of new students and an improvement in the rate of retention.

Students are encouraged to attend campus-wide lectures, and they are frequently involved in making presentations. Several disciplines, such as English, Sociology, Commerce, Economics and Psychology, require senior seminars in which students make oral presentations to the College community.

1.1.3 What type of support (procedural and practical) do the teachers receive (from the University and/or institution) for effectively translating the curriculum and improving teaching practices?

Ans.

ICT has been introduced in a number of courses. These include English Phonetics/ Linguistics, Accounting, Psychology and of course Computer Science. The campus is Wi-fi enabled. To enhance the use of ICT the library is fully automated, it also has an **internet kiosk** which is absolutely free for the students. One latest model language lab is also established in the college enabling students to progress through Computer techniques into Speech. The college also has online examination computerized laboratory from DELL. The college has 200 seater fully equipped air conditioned seminar hall. It also has two air conditioned fully equipped **audio – visual seminar rooms** specially designed with ICT enabled equipments. Each department has minimum one computer and one laptop. Laptops are given to all faculties in the college. In all, the College has 42 computers, 6 interactive I-take note pads, Interactive white boards and 12 laptops.

The College has a dynamic website www.bhavancollege.org which also has one online magazine to be run by students only. The website gives an opportunity for Online Libraries, Counseling, Grievance cell, and curriculum related issues. The college website also virtual research cell which gives up-to-date information about the global and national research activities and about the funding agencies. Each faculty can be approached by e_mail. Each student is made to own his/her mail account. Very often assignments projects are to be submitted in soft copy to the teachers concerned.

The College Management has also established Gandhi Institute of Computer Application in the campus only in which faculty and students are given training in Computer applications.

1.1.4 Specify the initiatives taken up or contribution made by the institution for effective curriculum delivery and transaction on the Curriculum provided by the affiliating University or other Statutory agency.

Ans.

With the introduction of the CBCS, the department of Higher Education, Government of Gujarat decided to develop study material based on curriculum in all subjects. Principal Dr. Neerja Arun was appointed as coordinator for all humanities and commerce subjects. Many faculty members were appointed as writers – subject experts in the project. The details are as under:

Dr Neerja Arun: Coordinator for 16 subjects
Dr. Vidya Rao for English
Dr. Swati Kapadia for English.
Dr. T.K. Thakur for Management.
Dr. Deepak Bhavsar for Economics
Mr. Narendra Patel for Economics
Dr. Rajeshri Vaza for Economics.
Mr. Tejas Shah for Accountancy
Dr P. C. Chavda for Physical Education

1. The curriculum of our graduate courses is designed by the university. A number of students are members of Board of Studies
2. Whenever new curriculum is designed by the University, the curriculum is conveyed to the every department of the college. The faculty members of the department decide that how this curriculum or syllabus can be completed in stipulated time.
3. The feedback receives from previous students and stakeholders are also taken under consideration for effective curriculum delivery.

4. The College has been trying hard to develop an environment where both the staff and students may become techno survey computer and internet survey.
5. The college had taken the following initiative for effective curriculum delivery and transaction on the curriculum provided by our university.
6. Establishment of IQAC.
7. Encourage teachers to attend orientation and Refresher courses.
8. Faculty development programs.
9. Faculty wise meetings are held frequently.
10. Interaction between faculty members and students
11. MOUs with International Institutes
12. Organizing motivational lecture.
13. We have arranged one day workshop for improvisation of the syllabus in English
14. Special industrial visits are arranged.
15. Remedial classes are arranged as and when they require.
16. Quizes, seminars and debates are organized frequently.
17. All these efforts have made our faculty and students aware about the requirements of the industries and society. We can now better understand and relate the curriculum with jobs and future career. Wherever we feel any need to teach extra, we do it on our own.

1.1.5 How does the institution network and interact with beneficiaries such as industry, research bodies and the university in effective operationalisation of the curriculum?

Ans.

The institution interacts with the UGC, the University and several other beneficiary agencies for effective operationalisation of curriculum.

1. The institution has well established network through which all the stakeholders can interact with each other.
2. The curricula of all courses are designed to mould the students into good human beings as well as globally competent and skilled. The college interacts with the stake holders about the standard, scope and quality of the curricula.
3. We have many alumni of our college on higher position in different organization. We have developed Face book groups for social networking.
4. The experts invited from industry and research institution provides us detailed information about the requirement of industry. And require basic knowledge and skills for research.
5. We then, have meetings with HODs and senior teachers to deliberate upon these things for proper analysis helps us in bringing about or

- implementing any new strategies or planning as complementary to better implementation of curriculum.
6. Many of our faculty members have regular formal and informal meetings throughout the academic sessions to keep themselves abreast with operationalization of the curriculum.
 7. Students are motivated to actively participate in seminars, workshops and panel discussions for quality enhancement. Placement and Training Cell has been established.
 8. In order to keep the scientific and research temper alive in the campus, research scholars from the industrial sector are invited to ignite the research spark and culture among the students. Members of the faculty are encouraged to take up membership of professional research bodies and participate in research activities to further enhance their research capabilities.

The institution is a recognized P.G centre for M.A in English of Gujarat University. It receives grants from the University for the P.G centre. Several research scholars are invited to conduct classes in P.G. on regular basis. Dr. Titiksha Dhruv, Professor Achala Patel, Professor Kadia, Professor Manisha Shah, Dr. Kavita Patel, Prof. Ullupi Patel, Prof. Yogendra Shastri, Prof. John Bosco and Prof. Pragnesh Vyas are some of the research scholars invited by the institutions.

The institution has received a grant of Rs. 1 Crore under the CPE (**College with Potential for Excellence**) scheme of the UGC. A large quantum of the grant has been utilized for developing effective means of dealing with the curriculum. For example library resources, e-library, web resources, computer lab, seminar halls, etc are developed by the institution.

The institution also gets sponsorships for academic programs and activities from agencies like the State Bank of India and ONGC.

Industrial units like Adani conduct workshops and seminars at their cost for students in the institution.

1.1.6 What are the contributions of the institution and/or its staff members to the development of the curriculum by the University?(number of staff members/departments represented on the Board of Studies, student feedback,teacher feedback, stakeholder feedback provided, specific suggestions etc.

Ans.

A number of faculties are members of senate and Board of studies. Dr. Neerja Arun, the principal of the college has been a member of Board of Studies- of English, Gujarat University from 2009-2012. She is also

the Chairperson of Board of studies of Indian diaspora which conducts M Phil course at the Gujarat University. Prof B. J. Shah is also a member of Board of Studies of Accountancy.

1.1.7 Does the institution develop curriculum for any of the courses offered (other than those under the purview of the affiliating university) by it? If 'yes', give details on the process ('Needs Assessment', design, development and planning) and the courses for which the curriculum has been developed.

Ans.

Yes,

The institution has been identified as a model college by the Government of Gujarat in the year 2012-13. Recognizing the need for skill oriented courses from the Government of Gujarat and the Gujarat University have started the student Portability Program. It was launched by the Education commissioner, Dr. Jayanti Ravi on 9th March, 2013 at Bhavan's college. Under this project the institution has started many courses. The design, development and planning of curriculum of these courses as well as the assessment of these courses are done by the institution. The courses are as under:

- i. Fashion Designing**
- ii. Web Designing and Animation**
- iii. General Knowledge and Competitive Examinations**
- iv. Clinical Psychology**
- v. Photography**

1.1.8 How does institution analyse/ensure that the stated objectives of curriculum are achieved in the course of implementation?

Ans.

The objectives of the curriculum are ensured by

- A. Teaching - Learning process and
- B. Evaluation.

The curriculum provided by the university or designed by the institution is discussed, analysed and explained in classrooms in regular periods as per the time table prepared by the institution. The faculty members also prepare study material for students. Whenever time permits, a question bank is prepared by the faculty and put up on the college website. In order to familiarize the students with the pattern of examination, university question papers are put up on the college website. Wherever required, language

laboratory and computer laboratory are used for practical understanding of curriculum.

The achievements of objectives of curriculum are tested with a continuous evaluation process during the course. Students are given assignments and projects based on curriculum topics. An internal evaluatory examination is conducted by the institution in each semester.

The Institution ensures the achievement of the stated objectives of the curriculum through the critical analysis of the following:

Student Performance – internal assessment and grades, semester exams, project work, presentation, organizing Seminars and workshops, skill based programmes, internship performance and Curriculum based training.

Quality of Placement – the number of students placed in various cadres, the remuneration packages offered, Placement in reputed industries.

Quality Enhancement of Faculty – regular enhancement of teaching and delivery skills along with the theoretical inputs through participation in national and international workshops, seminars, conferences, discussions etc.

Overall Performance of the Institution – results and top ranks obtained at the University level, participation in various cultural activities, Youth, Career Guidance program, Drug abuse program, **Environment awareness program** has been conducted through extension activities. Human Rights issues, competitive exams, and overall quality of placements achieved.

Social Responsible activities -- involved Disaster management rehabilitation, Rights, Environmental Issues, and Women Empowerment are other awareness programmes.

Inhouse Publications: the publication of journal, Books and research articles
On the basis of the data received, a proper analysis is done. This is the way how we ensure that the stated objectives of the curriculum are achieved in the course of implementation.

1.2 Academic Flexibility

1.2.1 Specifying the goals and objectives give details of the certificate/diploma/ skill development courses etc., offered by the institution.

Ans.

Bhavan's Sheth R. A. College of Arts and Commerce offers a liberal arts and Commerce curriculum, which includes a well-rounded, broad-based, general education component consisting of annual programmes, five majors and seven subsidiaries. The College offers an interdisciplinary Research Program that consists of classes designed for academically talented and motivated students. The college currently offers B. A. Hons, B. Com. Hons,

M. A., M. Phil and Ph.D. All aspects of the educational programs at Bhavan's Sheth R. A. College of Arts and Commerce support the Statement of Institutional Purpose and reflect the importance of the arts and commerce at the College.

The College provides competent faculty and adequate physical resources. However, the financial resources of the College do not entirely support what it considers to be an effective educational program. Few majors in Sanskrit, Persian, History and one subsidiary in Secretarial Practice had been suspended during past few years.

There are five majors: **English, Gujarati, Economics, Psychology, and Sociology** leading to a three years Bachelor of Arts degree, one major **Accountancy** leading to a Bachelor of Commerce degree and one **M. A. English** at two years.

It also conducted M. Phil. course in Indian Diaspora on behalf of the Gujarat University at the University campus from 2008 to 2012. The faculty is also engaged in guiding M. Phil. and Ph. D. students. The college has recently offered many skill oriented multi courses under the recognition given to the college with affiliation to the Gujarat University. These courses include **Photography, Animation and Web Designing, Competitive examinations, Clinical Psychology, Fashion Designing, etc.** Apart from this the College Management runs a number of Post Graduate Diploma and Certificate courses affiliated with Bhavan's Kendra Mumbai, in the evening and during the day time which are not directly College programmes but they give preference to the College students. A number of students have taken the advantage since these programmes are considered as 16th year of education and are recognized by the State and Central government.

1.2.2 Does the institution facilitate programme that provides twinning or dual degree? If yes give detail.

Ans.

The Institution has partial twinning with Canadian Universities. This includes organizing curriculum oriented seminars, lectures and student exchange programmes. Details are as under:

1.2.3 Give details on the various institutional provisions with reference to academic flexibility and how it has been helpful to students in terms of skills development, academic mobility, progression to higher studies and improved potential for employability.

- **Range of Core /Elective options offered by the University and those opted by the college**
- **Choice Based Credit System and range of subject options**
- **Courses offered in modular form**
- **Credit transfer and accumulation facility**
- **Lateral and vertical mobility within and across programmes and Courses**

Ans.

Bhavan's Sheth R. A. College of Arts and Commerce is a Multi Faculty College offering a broad spectrum of programmes in Arts and Commerce. It also offers two medium of studies in Arts and Commerce: Gujarati medium and English medium.

The college provides sufficient flexibility within the range of programmes prescribed by the University in respect of permitted combination of optional, selection of special subjects etc.,. It offers course in nine departments with English, Sociology, Psychology, Economics, Gujarati as majors' electives in Arts and Accountancy in Commerce. The elective options in subsidiary subjects are Psychology, Sanskrit, Sociology, Statistics, Gujarati and Computer Science. The College offers English medium in Economics, and Psychology for Arts faculty.

On behest of College an interdisciplinary M. Phil Course has been introduced at the University. The college ran the course for the University from 2008-2012. It is the research course in Indian Diaspora and students who have passed post graduation with English, Sociology or History are eligible to take admission.

The college is doing its best to translate the curricular content into learner competencies, using the available opportunities and the flexibility present in the system.

The college has adapted the CBCS semester system since 2010-11, both at UG and PG. At Post Graduate level the subject offered is English core. At Under graduate level the choice of subjects widens specially in Arts. The subject options in core, elective and subject elective are as under:

For Arts:

Enrichment Courses:

The institution conducts certain enrichment courses to supplement the curriculum provided by the university. These courses include **Tele Accounting, Computer operations and English Speaking**. These self-financed courses are offered free of cost to students.

1.2.4 Does the institution offer self-financed programmes? If 'yes', list them and indicate how they differ from other programmes, with reference to admission, curriculum, fee structure, teacher qualification, salary etc.

Ans.

The College has been made a special centre by Gujarat University for Study Abroad Programme and Semester in India programme which is run only for the foreign students. With this, Gujarat University too becomes the first University to offer specialized Indian course for foreign students. These include Gandhian Philosophy, Indian mythology and Culture and a host of other courses. 14 students have already completed the course in last six months and at present there are three students from different countries who take Gandhian Philosophy and Gujarati, Indian Films and Music, Indian Cuisine and Indian identities as specialised courses.

The college has recently started skill oriented programmes on the campus. These programmes are recommended by the Government of Gujarat and the Gujarat University initially, to the model colleges – selected by the Government -, gradually, to be started by all colleges. Under the Government recommended skill oriented programmes the college has started courses in **Photography, Web Designing and Animation, Competitive examinations, Clinical Psychology and Fashion Designing**. At the initial stage, the target number was 60 to 100. Instead, about 380 students have registered for these courses on the campus. This year, at least, no fees will be charged from the students. The faculty for these courses is internal as well as external, i. e, the permanent staff as well as visiting faculty from various fields. Principal Dr. Neerja Arun, Dr. T. K. Thakur is handling G. K. and Competitive examination course; Prof. M. T. Kahar teaches the Clinical Psychology.

A special self- financed course in English speaking is also organised by the institution for the summer vacations.

M. Phil. in Indian Diaspora, a multidisciplinary programme at University campus is a part of Study Abroad Programme. This is a self-financed programme and the uniqueness is that it offers M. Phil. Degree to anyone who has passed post graduation with minimum 55% marks in English,

History or Sociology with English Medium. International faculty has been invited to take lectures and a special MOU has been done with GOPIO an international organization of NRIs/ PIOs to support the course. The faculty is involved on lecture basis. Local and international faculty has different slabs of payments. The college conducted this course from 2008 to 2012.

1.2.5 Does the college provide additional skill oriented programmes, relevant to regional and global employment markets? If ‘yes’ provide details of such programme and the beneficiaries.

Ans.

The college has been identified as a model college by the government of Gujarat for conducting student portability project. Under this project several skill oriented programs have been introduced by the institution on the campus for enrolled students. These courses are self- financed courses. At the initial stage (March- April 2013) no fees were charged from the students. The institution got a sponsorship for these courses from the State Bank of India. From the next academic term these courses may be on chargeable bases for students. These courses are **Photography, Web Designing and Animation, Competitive Exams, Clinical Psychology and Fashion Designing.**

1.2.6 Does the University provide for the flexibility of combining the conventional face-to-face and Distance Mode of Education for students to choose the courses/combination of their choice” If ‘yes’, how does the institution take advantage of such provision for the benefit of students?

The University does not give any choice to the colleges to provide an option for Distance Learning.

1.3. Curriculum Enrichment

1.3.1 Describe the efforts made by the institution to supplement the University’s Curriculum to ensure that the academic programmes and Institution’s goals and objectives are integrated?

Ans.

Though curriculum is not an obligation of the College and it has to adopt the guidelines suggested by the University, innovative methods are evolved in carrying on with the prescribed syllabus.

To supplement the university curriculum, the institution makes several efforts. Some add-on enrichment courses are conducted by the institution. These courses include Tally Accounting, Computer Operations and English

Speaking. The first two courses are taught by the computer demonstrator of the institution. The institution invites a visiting faculty for conducting English speaking course.

Workshops, seminars and conferences related to curriculum are organised by the institution. The details are as under:

One day National seminar on *Human Right related to Women and Children; Concerns and Initiatives* organised by the department of Sociology on 21st November, 2011.

One day National seminar on *Indian-ness In Post Independence Indian English Writings* organised by department of English on 28th July, 2012.

The institution has conducted special workshops on curriculum in different subjects in the CBCS, organised by the KCG, founded by the government of Gujarat. In May 2012 a workshop in Sanskrit was conducted at the college.

Faculty members are sent to attend workshops on curriculum and the CBCS organised by the KCG. Prof. Mrinalini Thakar, Prof. S.B. Mehta, Prof. B.J. Shah, Prof. N.M. Bhoya, Prof. D. M. Dave, Prof. D. J .Patel have attended these workshops.

1.3.2 What are the efforts made by the institution to modify, enrich and organize the curriculum to explicitly reflect the experiences of the students and cater to needs of the dynamic employment market?

Ans.

The students are taught curriculum through lectures according to the pre-defined time-table which is prepared by the college. Apart from lectures, curriculum based projects and assignments are given to students in each semester. The process of preparing assignments and projects serves as training for further studies as well as jobs and businesses. Short presentations at the classroom level also help in understanding of the syllabus along with developing writing, reading and communicative skills on the part of the students.

1.3.3 Enumerate the efforts made by the institution to integrate the cross cutting issues such as Gender, Climate Change, Environmental Education, Human Rights, ICT etc., into the curriculum?

Ans.

In the CBCS semester system the university has introduced several areas of study in **Foundation studies and Soft Skills. Environmental**

Education is introduced as a compulsory subject in **Foundation Studies** at Semester 4 – B.A. as well as B. Com. **Human ethics and Society** is one of the Soft Skills subjects which is offered by the University and taught in the college. In 2010 November the college organised a one day national seminar on **Human Rights for Women and Children** in which renowned dignitaries from India – Hon. Justice M. N. Venkatachaliah and Justice Kamaleshwarnath expressed their valuable thoughts on Human Rights for women and children in India. Guest speakers are invited from time to time to deliver lectures on topics based on syllabus.

1.3.4 What are the various value-added courses/enrichment programmes offered to ensure holistic development of students?

- **Moral and ethical values**
- **Employable and life skills**
- **Better career options**
- **Community orientation**

Ans.

As per the university guide line the college teaches Foundation and Soft Skills courses are part of curriculum. The college chooses these subjects from the given list. I am happy to note that the college has selected certain value - added courses in order to ensure holistic development of the students.

Community orientation and moral ethical values oriented courses are – *Indian Epic Traditions, Indian Culture and Heritage, Human Society and Ethics, Environmental Studies*, etc.

Employable and life skill courses are – *Broadcast, Telecast and Journalism, Right to Information, Presentation Skill, Leadership Development, Sports and Practice, Time Management, Stress Management* etc.

Better career options oriented courses are - *Presentation Skills, E-Communication, Translation Studies*, etc.

Apart from the Foundation Studies and Soft Skills courses the skill oriented programmes (mentioned above) started by the college are also designed as job, life skills and career oriented courses.

1.3.5 Citing a few examples enumerate on the extent of use of the feedback from stakeholders in enriching the curriculum?

Ans.

The college welcomes feedback from the stackholders and takes it from time to time, formally as wel as informally. The feedback is considered

and, wherever possible, the suggestions are implemented. For Example, The college at once accepted a teacher's suggestion to buy cds of films based on the syllabus. Cds were bought and shown to students.

1.3.6 How does the institution monitor and evaluate the quality of its enrichment programmes?

Ans.

Evaluation of Foundation and Soft Skill courses is done by the college, sending the evaluation mark sheet to the University, which includes the marks in its external mark sheet.

Evaluation pattern of the skill oriented courses will be decided by the faculty handling the course.

1.4 Feedback system:

1.4.1 What are the contributions of the institution in the design and development of the curriculum prepared by the University?

Ans.

The faculty members of the college have been members of the Board of Studies, formed by the university which prepares the curriculum. Principal Dr. Neerja Arun was a member of the Board of Studies in the academic year 2011-12 – the landmark year in the history of Gujarat University, when the CBCS semester system was first implemented by the university in all departments as well as affiliated colleges. She has been a member of the core committee which prepared the framework of the semester system and got it approved by the Government.

1.4.2 Is there a formal mechanism to obtain feedback from students and stakeholders on Curriculum? If 'yes', how is it communicated to the University and made use internally for curriculum enrichment and introducing changes/new programmes?

Ans.

The feedback is gathered from time to time and minimum once in a year from the students, alumni and the community. However, the parents, employers and the academic peers are still not involved in the process.

The feedback received is carefully studied and analysed and then communicated to the Board of Studies. Many a times, these suggestions have been the channels to bring the vital changes in the curriculum. Not only these, the proposals from College faculty have even resulted in introducing minimum four new programmes of international repute. From the given list the college has chosen many value added options.

1.4.3 How many new programmes/courses were introduced by the institution during the last four years? What was the rationale for introducing new courses/programmes?)

Ans.

The College has no authority to change the syllabus. It is done by the affiliating University only. Gujarat University has been very alert as far as the revision of syllabus is concerned. The revision process takes place after every three years and all the subjects are revised from time to time.

In 2011-12 with the CBCS semester system syllabus in all subjects has been reframed. Many new programmes have been introduced by the university in the semester system. Foundation Studies and Soft Skills are introduced as compulsory subjects in all semesters. Out of many options, given by the university, the college has selected its own options, following the feedback received from the students and the faculty. The list of subjects for Foundation and Soft Skills is as under:

Foundation Studies:

Semester 1 B.Com.: Time Managements. B. A.: Human Society and Ethics

Semester 2 B.Com and B. A.: Environment Studies

Semester 3 B.Com. : Indian Religions

Semester 3 B. A.: Broadcast, Telecast, Journalism

Semester 4 B.Com.: Right to Information

Semester 4 B. A.: Translation Studies

Soft Skills:

Semester 1 B. Com. and B. A.: Stress Management, Indian Culture and Heritage, Indian Epics

Semester 2 B. Com. and B. A.: Leadership Development, Sports and Practice

Semester 3 B. Com and B. A.: E-Communication

Semester 4 B. Com and B. A.: Presentation Skills

The administrative and educational support units of the College are the offices of Academic Affairs, Development, Finance, Information Systems, Student Welfare activities and Management.

The educational support services include the library, student support, information systems, student life, the internet and career center, and intercollegiate activities. Over the past 20 years the divisions have changed from one administrative unit to another; there has been a change in leadership in each of the units two or more times, bringing about a different operating philosophy.

Criterion II Teaching-Learning and Evaluation

2.1 Student Enrichment and Profile:

2.1.1 How does the college ensure publicity and transparency in the admission process?

Ans.

So far, in all these years, the college has made no publicity for admission. However, it has its exclusive prospectus as well as its own website. The policy for admission is very transparent. As per the university schedule, admission forms, collected from the university office, are distributed to applicants. The forms are scrutinized and then, the criterion (marks) for admission in different categories is decided by the admission committee. As per the schedule given by the university, first, second and, if need be, the third merit list of applicants is taken out by the college. Admission is given in General as well as Reserved category. The admission process goes on for about a month.

2.1.2 Explain in detail the criteria adopted and process of admission (Ex. (i) merit (ii) common admission test conducted by state agencies and national agencies (iii) combination of merit and entrance test or merit, entrance test and interview (iv) any other) to various programmes of the Institution.

Ans.

As mentioned above, admission is given mainly according to the marks obtained by students at the HSCE examination. At the time of admission, the college has pre- decided cut off marks in English (L.L) secured at 12th std. on the basis of which students are granted admission.

2.1.3 Give the minimum and maximum percentage of marks for admission at entry level for each of the programmes offered by the college and provide a comparison with other colleges of the affiliating university within the city/district.

Ans.

The maximum and minimum levels of percentage of marks are decided each year at the time of admission process on the basis of applications received by the institution. The first merit list brought out by the institution (like all other colleges in the city) is generally indicative of the maximum percentage of marks for admission in the college. The last merit list (second or third as per the guide lines from the University) indicates the minimum percentage of marks decided by the college for the admission. Generally speaking, the maximum percentage of marks for admission is 80% to 82%. The minimum percentage of marks for admission in commerce Gujarati

medium is 66%, in commerce English medium is 66% and in arts, it is about 45%. It must be noted that for admission in commerce English medium minimum 50% marks are required in English.

The admission to MA is given by taking out a merit list out of the received applications.

All the colleges of the Gujarat University follow the same procedure of the admission-putting up merit lists with maximum and minimum percentage of marks decided on the basis of application received.

2.1.4 Is there a mechanism in the institution to review the admission process and student profiles annually? If 'yes' what is the outcome of such an effort and how has it contributed to the improvement of the process?

Ans.

Yes. An admission committee is formed for this purpose by the college which monitors the entire admission process and reviews the process after obtaining the feedback from the students. On the basis of feedbacks, reservation policy of the government and valuable suggestions of committee members, a modified admission process is prepared and implemented.

The student profile is reviewed annually or at the end of each semester (both are prevalent) through their results. No student is given readmission in the same class. The college has a pre-determined policy not to give admission to failures. Such students' active status is converted to Ex. Students. However, they are allowed to change Foundation and Soft Skills subjects.

2.1.5 Reflecting on the strategies adopted to increase/improve access for following categories of students, enumerate on how the admission policy of the institution and its student profiles demonstrate/reflect the National commitment to diversity and inclusion

- SC/ST
- OBC
- Women
- Differently abled
- Economically weaker sections
- Minority community
- Any other

Ans.

Admission in different categories – General, SC/ST, Physically challenged, OBC – is given on the basis of merit decided according to the applications received. The merit for the special (reserved) category is generally lower than that of general category.

2.1.6 Provide the following details for various programmes offered by the institution during the last four years and comment on the trends. i.e. reasons for increase / decrease and actions initiated for improvement.

2.2 Catering to Diverse Needs of Students:

2.2.1 How does the institution cater to the needs of differently-abled students and ensure adherence to government policies in this regard?

Ans.

As per Government policies, seats are reserved for physically challenged students. Such students are admitted under this special category for which the merit is different from the general category. The percentage of merit is lowered for such students.

Though the percentage of differently-abled students in the college is very less, they are given special consideration during classroom teaching and also provided facilities as per their requirements.

There is also a foreign student in the college and the college looks after his special needs for example offering him subject elective subject matching his cultural environment. Some special bridging classes are also organized for him.

The college also appoints student coordinators to look after such students.

2.2.2 Does the institution assess the students' needs in terms of knowledge and skills before the commencement of the programme? If 'yes', give details on the process.

Ans. Yes,

Students take admission in this college after passing HSSCE examination. Their HSCE mark sheet is mainly the norm for assessing their eligibility to study a programme. Students who have studied L.L. English till HSCE, willing to take admission in English medium are given admission on the basis of their marks obtained in English at std. 12. Generally speaking, students getting minimum 50% in L.L. English are considered for admission in B. Com. Programme. Secondly, in arts faculty the admission committee guides and motivates the students to choose subjects according to their ability and interest, judged from marks obtained.

2.2.3 What are the strategies drawn and deployed by the institution to bridge the knowledge gap of the enrolled students to enable them to cope

with the programme of their choice? (Bridge/Remedial/Add-on/Enrichment Courses, etc.)

Ans.

- A. Students are enabled to cope with the programmes of their choice through regular lectures as per the pre-determined time table.
- B. Students are motivated to use the college library. They are given library cards with which they can issue books from the library. The faculty members guide the students in selecting books.
- C. Students are motivated as well as facilitated to use web resources for their studies. The college has a provision for free internet access for students in the library.
- D. Students are shown movies related to their text books in languages. In 2011-12 students were shown films like King Lear, Abhjnana Shakuntalam in the college. This year students are shown Romeo and Juliet, The Blue Umbrella, etc. There is a paper called Film Studies at M.A. English. All the prescribed films for case study are shown to students in the college.
- E. Faculty members give material prepared by them to students to enable them to prepare for examinations.
- F. Guest speakers are, at times, invited to talk on different subjects related to courses.
- G. Activities like seminars, quizzes are done on small scale within the class to generate interest of the students, thereby, help them to understand their subjects well.
- H. The institution conducts certain add-on and enrichment courses free of cost for the enrolled students to enrich their knowledge to enable them to cope up with their regular programmes (courses) as well as to make them competent for their future prospect. Since the year 2012-13 Spoken English Course has been conducted by the institution for P.G Classes. Ms Pooja was invited as the faculty for the first cycle of the course. The college paid the faculty from its own funds. Prof. S. M. Solanki teaches Computer Operations to students.
- I. As a model college chosen by the Government of Gujarat, the college has started several add on, skill oriented enrichment courses in 2012-13. These courses include General Knowledge and Competitive Exams, Photography, Web Designing and Animation, Clinical Psychology and Fashion Designing. Students are invited to enroll themselves in any one of courses of their choice
 - On the basis of their previous year's academic record, unit tests and seminars for students, the level of knowledge of enrolled students is analysed.
 - Our college organizes special courses for weak students or slow learners in each department.

- Special care is taken in ensuring the progress of slow learners by conducting extra classes on holidays and by guiding them properly so that they are able to overcome their difficulties.

2.2.4 How does the college sensitize its staff and students on issues such as gender, inclusion, environment etc.?

Ans.

As per the guideline of the university, the college has a special cell for girls, called **Women Development Cell (WDC)**. Dr. Vidya Rao initially looked after the cell. Now it is handled by Prof. Niranjana Brahmhatt. Girls are sent in different seminars and workshops conducted by WDCs of various colleges. In 2012 Pooja Nayak, a student of T. Y. B. Com represented the college in the **Poetry Recitation competition** held by the WDC of the Navgujarat College, Ahmedabad.

Woman faculty members of the college take a personal interest in girl students of the college and guide and help them from time to time solving their problems. Principal Dr. Neerjaben had called a special meeting of all the woman faculty members and the girl students of the college to motivate the girls and make them aware of their identity, capability and role in society.

Ms. Mallika Sarabhai was invited as the guest speaker on 8 February, 2013 – the Nirvan Day of the founder of Bharatiya Vidya Bhavan, Sri K. M. Munshiji. She spoke on contemporary issues related to women, thereby, trying to bring awareness regarding the self- respect and identity of women. It was a part of a state- wide campaign started by her.

There is a Ladies Room in the college for girl students.

Certain cultural activities like Rangoli, Mehndi and Hair styling competitions are held in the college, especially for girl students. Subjects of gender sensitivity like Save the Girl Child, Status of Woman in Contemporary Indian Society are given for competitions like On the Spot Painting, Essay writing and Elocution.

Girl students are enrolled in NCC and NSS. To motivate NCC girls a separate space was given during the celebration of Cultural Days to the NCC to perform a Cultural Event. In the NSS comp, organised by the institution as well as the University and other Institutions, girl students are actively involved by the faculty in-charge for NSS training and mission. About 12 girls participated actively In the NSS camp arranged at Chadasana by the institution in 2011-12. Girls from NSS are felicitated for their good work by the institution Bibin, Bhavana, Janvi, Shikha, have been recognized with trophies by the institution in the last two years. NSS students were taken to School for

Blind Girls at Ranip on 15th December 2011. It was an amble attempt to sensitise students to needs and problems of the physically challenge for girls. 10 students from NSS were sent for awareness campaign *My Earth My Duty* organised by Youth Welfare Department of India from H.K Arts college Ahmedabad on 6th August 2012. Saubhagsingh of B.A semester-IV and to other students attended the four day's camp at Ambaji on *Exploring the Forest*, organised by Youth Welfare Department of the Gujarat University. Sensitivity towards environment is created also by conducting projects like plantation, "Save Environment" camping by the institution especially in NSS camp.

Environmental Studies is taught as a compulsory subject in Foundation Studies at B.A. and/B. Com. semester II. Plantation is done as part of the NSS activity.

During the Cultural Week, one day is celebrated as Environment Day. Students dress up according to the theme; bring banners and placards on Saving the Environment.

Global warming, Pollution, Awareness towards Environment, etc. are given as subjects for elocution, drawing and essay writing competitions.

The institution recognizes girl students for their academic performance by giving them medals Smt.Trilochana R. Parikh medal is given to the student securing highest marks among the girls in Accountancy at T.Y.B.Com annual examination. Prof. Ritaben R. Parikh medal is given to the highest scorer in Business Organization and Management (BOM) among girls at the annual examination of T.Y.B.Com.

2.2.5 How does the institution identify and respond to special educational/learning needs of advanced learners?

Ans.

- On the basis of their previous year's academic record, the college identifies the slow and advanced learners.
- For advance learners special assignments are given. Moreover, guidance and solution of earlier question papers of University are given.
- Various training sessions are organized to train the advanced learners in handling sophisticated instruments and softwares which are very useful in industries.
- They are motivated for various projects and scholarships schemes.
- They are provided information about such activities.
- They are encouraged to participate in seminars and workshops held in other institutions

- We have the facility of enlist in our library where they are provided with different links to review different journals and trends in research.
- They are also provided information regarding competitive exams.
- We encourage them to be team leaders in group discussions and to be useful to slow learners.
- Students are encouraged to participate in all the academic events organised by the institution. The college also sends students to other colleges for workshops and seminars. About 25 students are sent to different academic, co curricular events every year by the college.

The college runs an online magazine in which contributions from students are also included.

The college library is updated constantly. Many new books are bought and are even issued to students on their library cards.

2.2.6 How does the institute collect, analyze and use the data and information on the academic performance (through the programme duration) of the students at risk of drop out (students from the disadvantaged sections of society, physically challenged, slow learners, economically weaker sections etc.)?

Ans.

There is a continual assessment of students through the programme duration. The students' academic performance is assessed by their performance in the formative and summative evaluations as well as by their involvement in the classroom teaching and activities. Students are given projects and assignments in each subject. There is an internal evaluator examination before the end semester final examination, conducted by the university. Students get internal marks on the basis of the internal examination, projects, assignments and their attendance as well as performance in the classes.

The college tries to stop the dropouts in its own capacity. Working students are given exemption from attending classes according to their job timings.

The administrative office of the college efficiently carries out the procedure of availing scholarships to students from disadvantaged sections of the society.

The principal and the faculty take personal interest in the problems of students and help to solve them.

The college runs a counseling cell for students. Students are invited to approach the cell for guidance to meet challenges and solve the problems problems faced by them. This also helps in checking the dropout ratio.

The number of dropouts in the year 2009-2010 in S.Y.B.A was 45 while in 2010-2011 it was 2. In 2011-12 the dropout ratio number was 24. In the CBCS the dropout number in the year 2012-13 from B.A semester-II to B.A semester-III has been 50. The details of drop out number in other classes are as under:

<p>2009-10 - S.Y.B.Com English Medium-155. Gujarati Medium no drop out but an increase by 3. T.Y.B.Com-46 T.Y.B.A-9</p>
<p>2010-11 - S.Y.B.Com English Medium-163. Gujarati Medium-18. T.Y.B.Com English Medium-118 Gujarati Medium-16 T.Y.B.A No drop outs an increase of -39</p>
<p>2011-12 - S.Y.B.Com English Medium no drop out an increase by 96 Gujarati Medium-8 T.Y.B.Com English Medium-138 Gujarati medium no drop out in 2 T.Y.B.A-24</p>
<p>2012-13 - B.Com Semester-III English Medium 69 Gujarati Medium-17 T.Y.B.Com English Medium no drop out an increase by 130 Gujarati Medium no drop out an increase by 131 T.Y.B.A no drop out an increase by 42</p>

It has been observed that number of dropout has been maximum in English Medium cases. To check this number as well as dropout due to incompetence in English, the institution has started course in Spoken English, the enrichment courses the teaching-learning competence and success in outcomes, Technological enrichment and the student-central policies and functioning of the institution have not only helped to check the dropout numbers but also as noticeable some classes, led to an increase of students of higher classes.

2.3 Teaching-Learning Process

2.3.1 How does the college plan and organise the teaching, learning and evaluation schedules? (Academic calendar, teaching plan, evaluation blue print, etc.)

Ans.

The college plans and organizes teaching, learning and evaluation in July 2012 according to the academic calendar of the University. However, in the CBCS semester system evaluation is a continuous process. Evaluation is done at two levels – internal and external. External evaluation is done through the examinations conducted by the University. Internal evaluation is done at multiple levels –

- a. internal evaluatory examinations
- b. project and assignment work done by the students,
- c. students' attendance and performance in the regular classes
- d. workshops, short presentations at the departmental level, etc.

Each information is provided on the college website.

In the beginning of the academic year, the college prepares its own academic calendar, proposing the activities and the probable dates of different activities like cultural, sports, Saptdhara, NSS and NCC. Each department prepares its own departmental calendar or action plan, containing detailed proposed activities like seminars, tours, workshops and expert lectures. Students seeking admission are given a printed detailed prospectus which gives information about subject combination, the rules regarding admission, college discipline, code of conduct in the campus, various awards and scholarship, academic calendar, and a list of management and all the teachers. The college has a formal teaching plan. At the beginning of the academic year, teachers are supposed to make their annual teaching plan.

Every H.O.D takes up the responsibility to help and implement the teaching plan.

Teachers inform students about teaching plans. A copy of every teacher's timetable is submitted to the office. Teachers are encouraged to make ICT enabled teaching- learning by different materials, wherever possible. Academic tours are organized.

- Question papers and practical examination patterns and scheme of marking are explained to the students in the beginning of the academic year.
- Exams are conducted as per the university schedule.
- Students are also evaluated through unit tests, tutorials and performance of the students in the classroom as well as in laboratories during practical hours and seminars and group discussions.
- Students are given suggestions about expected answers to the questions asked, proper presentation of answers etc.
- The evaluation of the unit tests, assignments, projects and practical journals forms the basis of judging the performance of the students throughout the year.

2.3.2 How does IQAC contribute to improve the teaching –learning process?

Ans.

IQAC works as a great guideline agency in our college. Through its mechanism of data and information, collection, and analysis, it suggests required changes in teaching and learning methods. The following improvements have been brought due to their guidelines.

- ❖ Project based learning
- ❖ Computer assisted learning
- ❖ Experimental learning
- ❖ Training programmes
- ❖ Seminars
- ❖ Direct method
- ❖ Grammar- Translator method
- ❖ Bilingual Method
- ❖ Indirect method
- ❖ Use of teaching Models and Charts
- ❖ Use of audio- visual aids.

Teachers use textbooks, reference books and internet for preparing study materials for effective teaching. Lecture method takes more time for explanation and students have less chance for interaction. During seminars, workshops, training sessions they have ample opportunities to make interactions.

2.3.3 How is learning made more student-centric? Give details on the support structures and systems available for teachers to develop skills like interactive learning, collaborative learning and independent learning among the students?

Ans.

Recent developments in the field of higher education have brought many changes, where the whole process has become student centric. Attention is given to the process of making every student competitive with adequate skills to succeed in his future life. According to the vision statement of the college due attention is given in building an emotionally and morally strong personalities in the students.

Learning is made student centric by adopting variation in teaching methods suited to the learning abilities of the students. Besides lecture methods, teacher adopts various methods that have been mentioned earlier. In the classes where the strength is more, lecture is delivered with the aim that average students will be able to assimilate the concept.

The Gujarat University has implemented the CBCS Semester system for the last two years. The system in itself is student – centered. Under this system the students choose and study subjects of their own choice from those given by the college. Each subject has credits according to the weightage. The students are expected to take credits in order to get through. The course is divided in 6 semesters. At the end of each semester, there is a final exam. During the classes teachers have enough scope to make learning interactive. The project and assignment work given to students has a scope for interactive, collaborative and independent learning.

In order to help the students to cope up with programmes in the new system and the faculty members to be updated and innovative as well as advanced, the institution has developed structures and systems with a vision and planning.

At the first stage, it has developed infrastructure with highly advanced technology. There are multi -media class rooms, audio- visual room, advanced Language Laboratory, Computer Laboratory. etc. in the college.

At the second stage, the college employed trainers to train the users, i.e. the faculty members. Today, most of the teachers have learnt to make use of the support system developed by the college with the help of technology.

In the next five years, the institution is looking forward to create environment for students to get used to the new system and also to use it appropriately.

The college has been selected as a model college by the Gujarat University and Department of Higher education, Gujarat state for implementation of the CBCS. As per government recommendations, the college has introduced several student interpretability courses as additional courses for overall development and future prospects of students. The college has introduced courses like Web Designing and Animation, Competitive Examinations oriented Course, Fashion Designing, Clinical Psychology, etc. The courses have been started in Feb. 2013. At the initial stage, while the target was 100 students, about 380 students have registered for these courses.

2.3.4 How does the institution nurture critical thinking, creativity and scientific temper among the students to transform them into life-long learners and innovators?

Ans.

Critical thinking of the students is provoked by thought-provoking lectures and seminars arranged by the college for the students.

The art of living conducted one day seminar in the college “Walk Like A King” on 30, August 2012.

The Institute of Chartered Accountants of India conducted a workshop on Financial Education in Sept 2012.

The CFA Group, Ahmedabad guided the students in one day seminar giving information about MBA course and also discussing topics like Stress Management, Personality Development, Communication Skill, Resume Writing, Time Management and Interview tips in Sept 2012.

On behalf of Adani, AICI conducted one day seminar on Campus to Corporate on 12, October 2012.

SAI conducted a seminar on Industrial Expectations on 27th July 2013.

Students are encouraged to ask questions in the class. Drawing and preparing material from books also lead to independent thinking.

To nurture creativity the college holds several cultural competitions in which students are motivated to participate. Essay writing, Best out of Waste, on the spot painting, Dance, etc. aim at nurturing the creativity of the students.

Students are sent to other colleges also for inter college competitions. In 2012-13 Pooja, Khushboo, Bibin, Manisha, Bhavik, and Sohil participated in Saptadhara competitions (Saptadhara is a Government project) arranged at different centers.

In 2012-13 the college hosted the Youth Festival in the City Zone of Gujarat University. Students participated as well as attended thought provoking as well as creativity-oriented, cultural competition like elocution, Debate, Collage, Cartooning, Poster-Making, on the Spot Painting and Clay Modeling, Flock Dance, Skit, Mine, Mono Acting, Extempore, Classical and Light Music and Group Song, Khushboo Vyas participated and won a price in Extempore, Pooja, Sumit, Parag, Jay and Hardik won a price in Skit. Rakesh won a price in Cartooning while Heena in Poster Making. Rajvi, Peenal, Chandni and Group participated at Flock Dance. Nurul won a price in Western Solo Song. Bhavik bagged a price in Classical Instrumental. Sujita took part in Light Vocal and Divya Participated in Clay Modeling.

The winners of the Youth Festival then represented the zone in inter-zonal Youth Festival at Viramgam from 13th to 15th October in 2012. Khushboo won the third price in Extempore.

Khushboo and Bibin won the first price in inter-college debate organised by S.V Art College in January, 2013.

2.3.5 What are the technologies and facilities available and used by the faculty for effective teaching? Eg: Virtual laboratories, e-learning - resources from National Programme on Technology Enhanced Learning (NPTEL) and National Mission on Education through Information and Communication Technology (NME-ICT), open educational resources, mobile education, etc.

Ans.

As far as availability of structures and systems is concerned, the college has richly developed and implemented technological systems. Teachers as well as students have an easy access to internet through a Wi-Fi connection on the campus. Room nos. 5 and 1 are multi-media classrooms, equipped with projector, white board, CPU unit, etc. Educational c.ds, films and power point slides are shown to students. Many teachers often use ppt. as a teaching technique.. The Government of Gujarat regularly telecasts educational programmes, especially for colleges and university departments under SANDHAN project run by the KCG (Knowledge consultium of Gujarat).The college faculty often goes there as resource persons. Dr. Neerja Arun, Dr. T. K. Thakur, Dr. Swati Kapadia, etc. have been going to the SANDHAN as resource persons. It is difficult to match with all live telecasts so we have purchased sets of CDs. prepared on these telecasts in all courses run by the college. The faculty makes use of these CDs. for students. E.g. In English core, the teacher showed the CDs. on Elizabethan Age to Sem. 2 students. Films related to curriculum like *Romeo and Juliet Sem. 2*), *The Blue Umbrella (Sem. 4)*, *Abhijyana Shakuntalam*, *The Kid (P.G.)* are also shown to students.

Students are also taken to the EMRC to participate in country-wide classroom tele-conference.

With the Wi-Fi connection faculty members can access internet even in small classrooms with the help of laptops and make teaching more effective and interesting. I may add that the college has given laptops to all departments.

2.3.6 How are the students and faculty exposed to advanced level of knowledge and skills (blended learning, expert lectures, seminars, workshops etc.)?

Ans.

Good books are the best source of knowledge. The college library keeps buying new books. Books are also bought on recommendations by the

faculty members. Academic journals like *The Bhavan's Journal*, *Bharatiya Manyaprad*, *Sanskriti*, *Parab* and *Kumar* are also means of knowledge.

The faculty members and the students have an easy access to internet. All the departments of the college are given laptops by the college. With the Wi-Fi on the campus, the faculty members have a very easy access to web resources.

The college has been organizing seminars, workshops and conferences for the faculty as well as students at local, national and international level. These inform and update them with the latest trends in education and scholarship.

The faculty members regularly participate in various conferences, seminars and workshops on recent development in their respective subjects. Projects undertaken by the faculties also make them abreast with recent development in the subjects. Teachers do attend orientation and refresher courses. During regular lectures the teachers convey the recent developments to the students. Many departments encourage students to collect and display newspaper cutting of the articles on the recent development in the subjects. Display of wall magazines with the articles on recent topics is also one of the ways used to update the knowledge of the students.

2.3.7 Detail (process and the number of students benefitted) on the academic, personal and psycho-social support and guidance services (professional counseling/mentoring/academic advise) provided to students?

Ans.

About 1,000 to 1,200 students, including majority of the final year students are benefitted from seminars and workshops arranged by the college and also support and guidance given by the college during each year.

2.3.8 Provide details of innovative teaching approaches/methods adopted by the faculty during the last four years? What are the efforts made by the institution to encourage the faculty to adopt new and innovative approaches and the the impact of such innovative practices on student learning?

Ans.

The faculty members try different methods and approaches, often innovative ones, for enabling learners to learn. Rather than simple direct method students are encouraged to participate through brief presentations, small-scale quizzes (MCQS), etc. They are often provided reading material in soft or hard copy and then the classes are held explaining the material given beforehand. Students are encouraged to use the college library. Innovative approaches are tried out in projects and assignments. For E.g. in a core group

students were asked to draw MCQs and brief questions from the prescribed text as assignment.

The institution provides apt infrastructure for certain innovations such as e-learning. \appreciation and positive approach of the head of the institution and the management remain guiding as well as motivating forces for the faculty members.

2.3.9 How are library resources used to augment the teaching-learning process?

Ans.

Library resources include books, journals as well as educational c.ds. Students are issued library cards. They can issue books from the library. Several new books are bought regularly. In spite of the constraint of space, the library supports the faculty with text as well as reference books. Books needed by the faculty are never denied. They are purchased and issued to the faculty members.

There are some books like encyclopedias and dictionaries which are kept as reference books in the library.

There is an e-library as well. The e-library has educational CDs and CDs of art and culture. The educational CDs include CDs on Language, Communication Skills and CDs of live educational telecast SANDHAN. The faculty members issue books, generals and CDs as per their requirement in teaching.

Students have a facility of internet in the library. They can have free access to internet in the library which makes e-learning possible.

2.3.10 Does the institution face any challenges in completing the curriculum within the planned time frame and calendar? If ‘yes’, elaborate on the challenges encountered and the institutional approaches to overcome these.

Ans.

Irregularity of students due to several reasons like jobs, simultaneous studies, seasonal variations, college becoming a centre for university examinations in the mid semester, insufficient faculty leading to dependence on the visiting faculty, etc. are some of the challenges in completing the curriculum within the given period of time.

A during university examinations, regular classes are arranged until the time of the paper, i. e, at least, until 9.30 (exams usually begin at 10.30).

- B In the year 2012, a few new appointments have been made in the teaching staff with the designation of Adhyapak Sahayak, following the sanction availed from the government.
- C The faculty members arrange extra classes (apart from those in the time table) on their own, as per the requirement before and after the internal evaluator examination.

2.3.11 How does the institute monitor and evaluate the quality of teaching learning?

Ans.

The quality of teaching is monitored by getting feedbacks from students.

The institution provides facility of computers, laptops, internet, library, projectors, white electronic boards, etc. To enable the faculty to use the technology efficiently in teaching, training and orientation programmes and workshops are arranged from time to time by the institution. On 2 January 2013 the college arranged an IT Awareness workshop organised by Telecommunications Consultants India Limited for the faculty members, in the college. On 28th and 29th March, 2011 a two day training programme for Master Trainers under The Knowledge Management Programme organised by the District coordinator of Knowledge Consortium of Gujarat, Ahmedabad was arranged in the college for the faculty members of the colleges under the district.

The quality of learning is monitored and evaluated through involvement and participation of learners in the classroom teaching. Learners are also asked to make brief presentations on the syllabus topics. They are given projects and assignments based on the study topics. Quality of learning is evaluated through formative and summative assessments.

2.4 Teacher Quality

2.4.1 Provide the following details and elaborate on the strategies adopted by the college in planning and management (recruitment and retention) of its human resource (qualified and competent teachers) to meet the changing requirements of the curriculum

2.4.2 How does the institution cope with the growing demand/ scarcity of qualified senior faculty to teach new programmes/ modern areas (emerging areas) of study being introduced (Biotechnology, IT, Bioinformatics etc.)? Provide details on the efforts made by the institution in this direction and the outcome during the last three years.

Ans.

In the last three years syllabus in almost all subjects has been revised and updated. New dimensions are added to syllabus. E.g. In Sem. 1 B. Com Human Resource Management has been introduced as a core subject. Qualified senior faculty efficiently teaches this updating of Business Organisation Management. Similarly, TallyAccounting is taught by the computer teacher. The Foundation and Soft Skills courses are also taught by permanent teachers. E.G. Principal Dr. Neerja Arun has been teaching **Human Society and Ethics** in B. A. classes. Prof. B. J. Shah and Dr. T. K. Thakur, teachers of commerce facultytaught **Time Management** – a subject in Foundation Studies – at B. Com Sem. 1 in 2011-12. Prof. D. J. Patel, Prof. Chavada, Prof. Niranjana Brahmbhatt taught subjects other than their specializations, in Foundation and Soft Skills. Dr. Vidya Rao, Dr. Swati Kapadia and Dr. A. A. Patel – faculty in English – have taught Stress Management a Soft Skills course at B. Com Sem. 1 in 2011-12. Prof. Bhoya teaches **Indian Epics** at BB.A. Sem. 1. Prof. S. M. Solanki, Prof. M. T. Thaker and Prof. Nehal Rajguru teach Environment Studies at Sem. 2. This year Dr. =Swati Kapadia and Prof. Niranjana Brahmbhatt have been teaching **Translation Studies** in Sem.4 B. A. class. **E- Communication** is taught as a

soft skill course to B. Com Sem.3 students by Prof. Narendra Patel and Prof Yejas Shah.(This was the year when the CBCS was implemented by the university in all affiliated colleges).

In 2013 as part of Student Portability programme, certain skill oriented courses are introduced for students on the campus. These courses are taught by permanent faculty of the college as well as visiting faculty. Principal Dr. Neerja Arun and Dr. T. K. Thakur have volunteered to guide students in the course **Preparation of Competitive Examinations**. Prof. S. M. solanki has been conducting classes on **Web Designing and Animation** and Prof. M. T. Kahar, on **Clinical Psychology**.

2.4.3 Providing details on staff development programmes during the last four years elaborate on the strategies adopted by the institution in enhancing the teacher quality.

Ans.

Principal Dr. Neerja Arun had been a member of the core committee of the V. C. when the CBCS was implemented. She familiarized and trained the faculty members in the new system. She has conducted orientation and awareness programmes for the CBCS in many colleges. She has played a key role in framing the credit structure of the semester system. She has been a part of the curriculum designing exercise. As a member of the Board of Studies in 2010-11 she has framed the syllabus of the new system in English. Communicating with the syllabus committees of all subjects offered by the Gujarat University, she has uploaded the curriculum in all subjects. She has constantly been a guiding force for all the faculty members in the college, in handling the new curriculum in the new system.

In the year 2012 the (KCG) Knowledge Consortium of Gujarat) decided to prepare study and reference material in all subjects (Arts, Commerce and Science faculty) for students of all universities of Gujarat. Dr. Neerja Arun was the coordinator for English, Economics and all commerce subjects in this project. Many faculty members served as subject expert writers preparing the course material. The following list may be referred to:

Dr. Vidya Rao and Dr. Swati Kapadia – English
Dr. T. K. Thakur and Prof. Tejas Shah – Accountancy
Dr. Dipak Bhavsar, Dr. Rajeshree Vaza and Prof. Narendra Patel – Economics

In this project, the coordinator and the writers along with the chief advisers from the Government framed the curriculum as well as the format and style of its presentation.

In the new semester system, the revised question paper pattern in all subjects includes MCQs and brief answers. The faculty members prepared MCQs and short answer question bank in their subjects. It was uploaded in the college website.

The principal holds staff meetings to discuss issues related to teaching-learning in the college. She informs about the latest decisions made by the university and gets the circulators received circulated. There is a healthy, one to one and collective discussion regarding assessment and evaluation of learning achievements of students.

The institution facilitated an IT Awareness workshop by Telecommunications Consultants of India Limited (a government of India enterprise) on 2 January 2013.

The institution readily allows the faculty members to participate in workshops, seminars and conferences organised by other Institution and Universities. Though there is no obligation for DL in the new GR of the CBCS, the institution grants DL to faculty members for participating in seminars/ workshops as resource persons and for paper presentation in seminars and conferences in other institution. The details of the faculty members participating in seminars and workshops as well as presenting papers in seminar and conferences organised by the institution as well as other organization are as under:

Faculty going as key note speaker to seminars and conferences:

1. Principal Dr. Neerja Arun:

- a. Faculty in refresher and orientation workshops arranged by Academic Staff colleges across the country
- b. On Board of different Universities in the country and abroad
- c. On panel of journals' editorial board of international and national journals

2.4.4 What policies/systems are in place to recharge teachers? (eg: providing research grants, study leave, support for research and academic publications teaching experience in other national institutions and specialized programmes industrial engagement etc.)

Ans.

The institution always encourages and motivates activities related to research and academic enhancement. The college has a website magazine. It publishes articles by teachers as well as students. There is a research committee looking after different issues related to research.

There are in-house publications by the institution. For this, there is an editorial board appear review committee and a research committee in the institution the principals and the faculty members are the member of their committee. Two books are published by the institution.

1. Ed. Dr. Arun, Neerja. Human Rights Related to Women and Children, concerns and Initiatives, Ahmedabad Bhartiya Vidhya Bhavan, 2012.
2. **Voices and Versions: Indian Diaspora**, (Creative Publications, New Delhi, 2012)
3. Forthcoming:
4. The book is forwarded by Hon. Justice Kamleshwarnath.Dr.Sharma, Sanjivekumar. *Thinking Politically* Ahmedabad, BVB, 2013
The book is forwarded by Hon. Justice Venkatachaliya

Three more books are in the process:

1. **Contemporary Writings of Indian Diaspora : Poetry**(Ahmedabad Bhartiya Vidhya Bhavan)
2. **Fourth World Literature: A Collection of Essays**, (Ahmedabad Bhartiya Vidhya Bhavan)
3. **Indian Diaspora: A Critique** (Ahmedabad Bhartiya Vidhya Bhavan)

Many faculty members go to other institutions to teach at post graduate classes. Dr. P. C. Chavada teaches P.G. classes at the Gujarat university department of Physical Education. Prof. M/ T. Kahar visits the C. U. Shah Arts College for classes of M. A. in Psychology. Dr. Manoj Pandya and Prof. Nehal Rajguru teach at M. A. Sociology in H. K. Arts College and L. D. Arts College respectively.

The faculty members are also invited as key notes speakers, resource persons, cleanery speakers, guest speakers and faculty in orientation and refresher courses, Seminars, workshops and conferences, lecture series, and also in specialized courses in reputed national and international institutions and Universities.

1. **Principal Dr. Neerja Arun** has delivered key note address and has been a plenary speaker at several places. The details are as mentioned above. (2.4.3)
2. **Dr.T.K Thakur was invited as a resource person in the orientation program at the Academic Staff College, Gujarat University, Ahmedabad on 28th March 2013.**
3. **Dr.Vidhya Rao was invited to speak on Feminism and Sports at NID, Ahmedabad, 2009. Prof. Niranjanaben was invited as the guest speaker in Munshi Vyakhyan Mala (Lecture series) by Bhavans science college in 2010.**

2.4.5 Give the number of faculty who received awards / recognition at the state, national and international level for excellence in teaching during the last four years. Enunciate how the institutional culture and environment contributed to such performance/achievement of the faculty.

Ans.

Principal Dr. Neerja Arun has received The Shiksha Bhartiya Award by Achievers Foundation of India in 2011. The institution has also won the same award for its overall excellence at par at multilevel in the same year. Thus the institutional culture and environment are developed by and in its turn, develops the faculty. The infrastructure research facilities in terms of resources, technology and leave, transparency of policies at all levels, academic concerns and progressiveness of the institution inspire, Motivate and support faculty.

Prizes / Medals /Awards / Honours

Principal Dr. Neerja Arun

2.4.6 Has the institution introduced evaluation of teachers by the students and external Peers? If yes, how is the evaluation used for improving the quality of the teaching-learning process?

Ans.

The institution gets feedback from the students please find enclosed feedback form as under:

- (1) Questionnaire for Graduating Students (UG and PG).
- (2) Student Feedback on Teachers.
- (3) Student's Evaluation Course and Teaching

The evaluation by students becomes the means for the institution to assess the academic competencies and teaching abilities of the teachers. The teachers are invited to take suggestions from the student's feedback and implement them in their own ways.

2.5 Evaluation Process and Reforms:-

2.5.1 How does the institution ensure that the stakeholders of the institution especially students and faculty are aware of the evaluation processes?

Ans.

The institution has very transparent policy of internal evaluation .The system of internal evaluation is decided by the institution in the CBCS. The faculty members become a part of the decision making process.

Before CBCS was implemented the system of college and University evaluation was fixed and determined by the University. For the last two years

(June 2011) since the CBCS has been implemented, the institution is free to decide its own system of internal evaluation.

Evaluation is a continuous process. Its different aspects are made known to students. Every year in the beginning of the academic term, an orientation program is organised for the students by the institution, to acquaint them with CBCS evaluation pattern, college activities, etc.

2.5.2 What are the major evaluation reforms of the university that the institution has adopted and what are the reforms initiated by the institution on its own?

Ans.

The University has implemented the semester system since 2011. As the affiliated college the institution has also adapted the system. In the semester system, external evaluation is done at the end of each semester, i.e twice in year. There is a provision of carry forward for the failures till semester-5, i.e students are promoted to higher semester irrespective of their result. This is done till semester-5. They must clear all the semesters before going to semester-6.

For internal evaluation the University has determined projects, assignments and evaluatry tests. The institution does internal evaluation by projects assignments, evaluatry examination, etc.

2.5.3 How does the institution ensure effective implementation of the evaluation reforms of the university and those initiated by the institution on its own?

Ans.

The implementation of evaluation reforms is made effective by acquainting the students taking admission in semester-I with the evaluation pattern.

The evaluation is done with the co-ordination of the teaching as well as non teaching staff.

The faculty members actively do the internal evaluation of the students by correcting projects, assignments answer sheets and also through junior supervision during the examination.

2.5.4 Provide details on the formative and summative evaluation approaches dopted to measure student achievement. Cite a few examples which have positively impacted the system.

Ans.

In the semester system there is one formative assessment [Internal evaluator exam] both, at UG and PG assignment and project related to syllabus in each subject, are part of summative assessment. Regularity, behavior, class performance etc. are norms for evaluating the students. Projects and assignments are intended to prepare students for final examinations. By self-preparation of project and assignments, the students, at least in small groups, learn to search, analyze and write on their own. It aims at developing representation and research skills of students. At PG level students have to prepare brief dissertations on a selected topic. They have to make an oral presentation of their right up as well. In PG semester-4 students have to make a PPT presentation. They have to appear in a mock interview.

This kind of evaluation has had very positive impact on achievement of students. Virali, a student who studied both, UG and PG from the college feels that the projects, seminars, dissertations have developed her writing skills; she is able to take up Translation as professional career. She is inspired to study journalism because of the Presentation Skills taught at PG.

Nandita, another bright student of the college, considers the teaching-learning process having played a key role in her success as a media person. Professional skills developed through the course (Paper 511 and evaluated minutely has made Altafkhan competent as a marketing person and also as a successful achiever in PGDCA course. To cite a few more examples, Smishad (PG sem-4, Shikha, Saubhagsingh and Bibin (UG sem-4) and Sakeena (UG sem-2) have also developed through the exercise of preparing projects, assignments and research papers as well as for summative assessment at the end of each semester.

2.5.5 Enumerate on how the institution monitors and communicates the progress and performance of students through the duration of the course/programme? Provide an analysis of the students' results/achievements (Programme/course wise for last four years) and explain the differences if any and patterns of achievement across the programmes/courses offered.

Ans.

(A) Until 2011 the college followed the annual system of courses and evaluation. Two internal evaluatory exams were taken by the college during a year. Marks were put up on notice board. The total internal marks attained by students (out of 30) were also put up on notice board of the college. At the end of each year students appeared for the annual examination held by the University. The University sent mark sheets for each year indicating students' marks at the internal as well as external

evaluation. Students were promoted to higher classes on the basis of their performance indicated in the University mark sheet

- (B) The CBCS semester system has been implemented in the college since 2011. The progress and performance of the students have been evaluated continuously and at various levels during the course. Marks obtained by students in the internal examination, projects, assignments and also on the basis of their behavior and performance during the semester are combined for internal evaluation. The internal marks are put up on the college website (www.bhavacollege.org) as well as on the college notice board.

2.5.6 Detail on the significant improvements made in ensuring rigor and transparency in the internal assessment during the last four years and weightages assigned for the overall development of students (weightage for behavioral aspects, independent learning, communication skills etc.

Ans.

- (A) In the annual system internal marks were given on the basis of two examinations-one of 50 marks and the other of 75- and behavior and attendance in the classes. In the semester system, evaluation is the continuous process. Internal assessment consists of one mid semester examination of 50 marks, projects, assignments, performance and behavior of students during the semester.
- (B) The policy of the institution in internal assessment has always been very transparent. The internal marks of students are put up on the college website. Secondly, the college follows the guidelines laid down by the University for Internal Assessment. The university software has been installed for calculating internal marks
- (C) In both the systems, behavioral aspect carries three percent of internal assessment. At T.Y.B.A English the internal as well as external examinations include a viva-voce in a paper which carries 20% weight age of marks.

At P.G (M.A English) independent learning and communication skills of students are evaluated in each semester. The details are as under:

In each semester, the 5th paper consists of self preparation of a short dissertation and an oral presentation as well as viva-voce. The written part carries 70 marks and the oral carries 30 marks.

Semester-I: Paper- Communicative English I- 405 viva-voce communication skills-Rapid reading, Pronunciation and intonation.

Semester-II: Paper- Communicative English II-409 viva-voce evaluating reading comprehension listening skills.

Semester IV: Paper-511professional skill power point presentation, group discussion, mock interview, mock open defense and quiz.

NOTE: - In all semesters viva-voce carries 15% (only in semester-4 30%) weight age of marks.

2.5.7 Does the institution and individual teachers use assessment/evaluation as an indicator for evaluating student performance, achievement of learning objectives and planning? If ‘yes’ provide details on the process and cite a few examples.

Ans.

Evaluation is the means of evaluating achievement of learning and planning. Students are promoted to higher semester until semester 5 with whatever result they get (internal and external). However, they must pass in all five semesters in order to be promoted to the final semester i.e, semester-6. They must reappear in the examination both external and internal (whichever is applicable), submit the pending projects and assignments before being promoted to semester-6.

At individual level, teachers may plan the process of teaching and teaching strategies according to the evaluation results of students. Collectively, students’ performance and achievements of learning objectives are evaluated through the formative and summative assessments

2.5.8 What are the mechanisms for redressal of grievances with reference to evaluation both at the college and University level?

Ans.

There is a provision of Rechecking both at the college and the University level. Students are required to fill an application form for rechecking within a given period of time. At the college level, students are allowed to go for rechecking of the total internal marks as well.

At the University level there is a provision of reassessment as well. However it is allowed to students of final year only.

2.6 Student's performances and Learning Outcomes:-

2.6.1 Does the college have clearly stated learning outcomes? If 'yes' give details on how the students and staff are made aware of these?

Ans.

Learning outcomes of all University affiliated colleges are the results in the examinations. Result in formative and summative assessments determine the learning outcomes of students. Each course has two components theory and practice. The practical aspect of the course practice is tested by project and assignment given to students during the program. This shows how the students put their theoretical knowledge in practice.

The outcome of teaching is that students should be empowered. Workshops presentations, performance counseling guiding student response may be stated as outcomes of teaching.

Learning outcomes:-

Gaining knowledge and understanding getting through examinations preparing for competitive market, availing skills, etc are the intended learning outcomes.

The outcomes of assessment related to that of teaching and learning and learning are determined by the University. Students who secure 35% and above are considered as pass in a semester. Students must pass individually in both external and internal evaluation. In internal assessments (30 marks in each subject) students must get minimum 11 marks. In the external examination (70 marks) passing marks are 25. Failing to attain the minimum score in either, they must reappear in the examination. In the annual system, in case of internal ATKT students were required to reappear only in the examination in the college. In the CBCS semester system internally failing students are supposed to reappear in the internal examination as well as submit project and assignments (Whichever is left)

2.6.2 How are the teaching, learning and assessment strategies of the institution structured to facilitate the achievement of the intended learning outcomes?

Ans.

Teaching outcomes and the strategies of the institution are as follows:-

(A) Regular time-table framed on the basis of the credits decided by the institution for each course.

(B) Infrastructure provided by the institution for:

Direct teaching, Workshops, Counseling, Power point presentations , Holding practicals in Computer Studies , Using web resources

(C) Library facility

Library is a great source of study material as well as knowledge and enhancement by extra reading. There are text books, reference books and also several other journal books on different subjects like literature, language, society, economics, management, personality development, journal knowledge and competitive exams in the library. The library is constantly updated. The UGC grant for the library enrichment a large quantum of CPE grants are used for updating and enriching the library. There are also some rare books, encyclopedias, dictionaries, scriptures in the reference section. Many leading local, national and international journals are subscribed by the institution. Some of these are *The Bhavan's Journal, Time, and Sanskrit Kumar*. Almost all leading dailies of the state are subscribed by the institution for the library. The Times of India, Indian Express, DNA, Gujarat Samachar, Sandesh, Divya Bhaskar, Jan Satta, Economic Times, Financial Express are some of them The faculty and the students are free to take full advantage of the library. Students are issued books and journals on library cards.

Students also have an easy access to web resources in the college library. Free Internet facility is made available for students in the library.

There is also an e-library for the faculty members. There are educational CDs on Art and Culture, Language and Literature in the library. There are also complete sets of CDs of live educational telecast on different subject by SANDHAN. Run by the Department of Higher Education Government of Gujarat

In the CBCS semester system students are given library work by the faculty. They have to prepare assignments and projects for which library resources need to be explored by them

(D) Inviting Research Scholars as Visiting Faculty:-

The institution invites many research scholars as visiting faculty at UG as well as PG. Details of the visiting faculty in the four years are as under:

For Under Graduate Classes:

Ms Minakshi (C.A) - Commerce

Ms Sejal – Commerce
Ms Divya – Economics
Ms Prisha – Psychology

Prof. Kadiya
Prof. Pavan Pandit

(E) Arranging guest Lectures, Workshops Seminars, and Quiz etc:

Guest Lectures, Workshops, Presentation by Students, Quiz etc are arranged by different department to motivate students participation in the process of teaching- learning. Dr. Rupali Burke was invited by the department of English to speak on Translation Theory.

Was invited by the economics department to speak on Global Economy

The institution planning to invite renowned scholar Dr. Sanjevkumar Sharma from Meerut University to speak on *Abhijnajyana Shakuntalam*.

Literary quiz was arranged as part of assignment for students of B.A Semester-I English by Dr. Swati Kapadia in 2011-12.

(F) Putting up Audio-Visual Shows:

Where ever possible students are shown films related to their courses. In the last four year films shown to student in the college include *The Kid*,

Mother India, the Red, King Lear, Abhijnayana Shakuntalam, The Blue Umbrella and Romeo and Juliet,

Learning Outcome Strategies are:-

1. Motivating students to use college library.
2. Involving students in workshops and seminars organised by the institution.
 - 52 Students participated in the one day national seminar on **“Human Rights Related to Women and Children”:** **Concerns and Initiatives** by The Sociology Department of the College on 21, November 2011.

Panelists re-define Indian version of democracy

Priya Adhyaru-Majithia • AHMEDABAD

"We live in impossible democracy," said Chittatosh Mukherjee, former chief justice, Mumbai high court and chairman, Bharatiya Vidya Bhavan, Kolkata. He was speaking at one-day international conference in the city on Sunday. The conference Symbols and Theories of World Democracies and World Cultures was organized to celebrate the 125th birth anniversary of freedom fighter KM Munshi and mark the completion of 75 years of Bharatiya Vidya Bhavan.

While governor of Gujarat Dr Kamla inaugurated the event, Mukherjee delivered the key note address. Noted experts of various fields including Rajendra Sinha, DGM, SBI, professors IS Mathur, RJ Mathai, NID, Amit Kumar, GM, ONGC, Dr ZN Patil, English and Foreign Languages University, Hyderabad, CV Gopinath, sr DDG and ex-officio additional secretary to government of India, Dr Sanjeev Sharma, honorary secretary, Indian Political Science Association, and Dr Neerja Arun analysed various definitions of democracy to re-define Indian version of the same concept. "There is no alternative to democracy," said Mukherjee adding that Indian democracy is defined as impossible system. As it continues to prevail in conditions like large territory, illiteracy, variety of cultures and sub-cultures and diverse

Based on discussions at this conference, our team will soon come out with a detailed book which will document various types of democracies that prevail in our country."

people and under any of these conditions can affect the running model of democracy, he said. "However, we have that system up and running as our people wants it," he added.

Reasoning on the same line, Dr Sharma said, "Generally, definition of democracy worldwide is based on western models and concepts. This is the first time that we are trying to understand and define this political system with our perspective. Experts from Maharashtra, UP, Gujarat, Jammu, Delhi, Kolkata, Karnataka and other parts of the country have arrived to attend this meet. The discussions are being documented and this is commendable effort to analyse democracy and re-define it in the local context."

Similarly, stating that democracy is a

political concept which alters according to local contexts, Dr Neerja said, "Democracy has different meanings in UK, US or India and each country and state and city has different symbols to reflect that concept of democracy.

As the experts were trying to assimilate their deliberations on democracy in the local contexts, Dr Neerja described the democratic set up of all individual cities. She said that while Ahmedabad has a mass-corporate-democracy, Mumbai is democratic, Hyderabad has an aristocratic-democracy and Lucknow has nawabi-democracy.

"Based on discussions at this conference, our team will soon come out with a detailed book which will document various types of democracies that prevail in our country," she said.

In the one day National seminar on *Indian-ness in Post Independence Indian English Writings*, organised by the English department of the college, all the faculty members attend the seminar as participant.

3.2.5 How does the institution ensure optimal use of various equipment and research facilities of the institution by its staff and students?

Ans.

The institution has all equipments and facilities required for research. The staff and the student have an easy access to all these facilities.

(A) Library :-

The staff members can avail library facilities at multiple levels. They can issue any number of books, Journals, magazines and CDs from the library for desired period of time. They can also recommend books for purchase and get new books on demand.

Students too can freely use the library as reading room and issue books on their library card.

The institution has a membership of the British Library. The staff members can easily access The British Library and avail the library facilities.

There is a reprography service in the library which is very helpful in research. Useful documents can be scanned and even xeroxed.

(B) Web Recourses:-

The college campus and building are equipped with the Wi-Fi. Students have a free access to internet through computers in the library. Staff members are given Laptops department-wise by the college. With the Wi-Fi made available, they can have a very easy access to web resources.

(C) The college Website:-

There is special R&D Cell of the college. We feel happy to note that the Gujarat University has linked its R&D Cell. with the Cell of the college. The library is connected with the INFLIBNET and the Soul software.

(D) Technology and Infrastructure:-

The infrastructure of the college is conducive to research. There are Multimedia Class rooms, an Audio-Visual room, a Language Laboratory and a Computer Laboratory in the college. There is a research laboratory as well with a projector; an Electronic White Board and a Desktop. There are three seminar halls of different capacities. The smallest one, on the third floor, has a capacity of 100 persons. Another one, in the basement of the building opposite to the college building, is again an a.c. hall with a capacity of 150 persons. The third one, in the same building, is a big auditorium with a capacity of 500 persons. Research oriented programs- Power Point Presentations, Workshops, Seminars and conferences are effectively conducted in the college.

To ensure optimal use of equipments and research facilities, the college has employed Mr. Ashok Shah- a technician- for any kind of technical assistance.

3.2.6 Has the institution received any special grants or finances from the industry or other beneficiary agency for developing research facility? If 'yes' give details.

Ans.

In the last four year the institution has received grants sponsorships and financial aid from mainly three agencies

3.4 Consultancy

3.5.1 Give details of the systems and strategies for establishing institute-industry interface?

Ans.

The college has strong affiliations with the industry. It gives ample opportunities to different industries for showcasing their environment to the students. Many a times on the location training is also provided to the students. The industry keep visiting campus for direct recruitments, for mentioning their demands and for conducting a number of workshops and orientation programmes. Under such programmes the students are short listed and are given employments. Last years saw organizations like TCS, Vodafone, HCL and

reliance visiting campus, providing training in their campuses and recruiting the students.

3.5.2 What is the stated policy of the institution to promote consultancy? How is the available expertise advocated and publicized?

Ans.

The institution is actively involved in consultancy. The availability is known by word of mouth, personal, professional networking and by promotion of Institutes and organizations. The consultancy limits to academic, professional, official and social organizations. Recently the college principal is appointed by Parmarth Niketan to be the consultant in its rehabilitation programme in Uttarakhand on behalf of Government of Uttarakhand. Prof. M. T. Kahar is also a consultant in a number of organizations as counselor.

3.5.3 How does the institution encourage the staff to utilize their expertise and available facilities for consultancy services?

Ans.

The institution always encourages any academic, research, technical and co-curricular activities as consultancy services.

Dr. Neerja Gupta gives services as a consultant in different universities. She is a member of the advisory body of the following universities:

- **Advisor**, Gujarat University Study Abroad Program (SAP), for following faculties/ Institutes:
 1. Study Abroad Program
 2. M. Phil. in Indian Diaspora
 3. Integrated Ph.D Program in Indian Diaspora
 4. Special courses for NRIs and Foreign Students
 5. International Programs for Professionals
 6. Institute of International Studies
 7. Courses in World Languages
 8. Organizational Communication
 9. Ministries/ Outer agencies/ International Universities/ Foreign Scholarships

- **Advisor**
 1. ICCR
 2. Diaspora Course in Mahatma Gandhi Antarashtriya Hindi Vishvavidyala, Wardha
 3. Central University, Gandhinagar
 4. CBCS, (Choice Based Credit System) Gujarat University
 5. CBCS, Maharashtra State

6. Content development: Gujarat Government Higher Education Department
7. International Academic Co-Chair, GOPIO, New York USA

3.5.4 List the broad areas and major consultancy services provided by the institution and the revenue generated during the last four years.

Ans.

The institution is known for its consultancy in academics and professional areas. The faculty including the Principal is on boards of various educational institutions, government bodies and commercial organizations and setups. At the same time the college faculty does all the consultancy on honorary basis and does not earn out of it. Major consultancy is provided at following platforms;

- CBCS Program, Arts Faculty Gujarat University
- **Chairperson:** Academic and Administrative Audit AAA, Gujarat State peer team/s
- IQAC / NAAC Gujarat Government
- **Member tender committees,** Higher Education, Gujarat Government
- **Coordinator:** Content Development for University Granth Nirman Board for Commerce and Humanities (All subjects), Physical Education for higher education department, Gujarat Government
- **Uttrakhand Government** disaster management Unit

3.5.5 What is the policy of the institution in sharing the income generated through consultancy (staff involved: Institution) and its use for institutional development?

Ans.

The Institution does not earn from the income of individual faculty. However the income earned from the activities from infrastructure is counted like providing technical consultancy in organizing seminars etc. for the social and official bodies.

3.6 Extension Activities and Institutional Social Responsibilities:-

3.6.1 How does the institution promote institution-neighborhood-community network and student engagement, contributing to good citizenship, service orientation and holistic development of students?

Ans.

The Institution forms Students' Union every year. Students with highest score of marks in the semester from each class are the member of the union. This activity is an attempt to train them in leadership and cultivate other skills [skills like organizing planning, representing in students]. From the union one student of the final year-student with the highest percentage of marks in S.Y.B.A./ S.Y.B.Com.- is selected as the GS (General Secretary). There is a Ladies Representative(LR) and a cultural secretary.

The college has extension activities NCC and NSS for students.

• **NCC:**

The NCC division of the college is registered under 9th Gujarat battalion of the NCC division, Ahmedabad. It is a training for 2 years. Every year, about 100 students from the college are enrolled in the NCC. In 2012-13, 105 students enrolled under NCC. 60 students are from first year (B.A./B.Com) and 45 from second year (B.A./B.Com).

Activities:

- (A) **Parade:** Every Sunday there is a parade of NCC students on NCC ground. Each candidate is supposed to arrange at least 20 parades in a year.
- (B) **Awareness lectures:** At the end of the parade in each session inspiring lectures are given by faculties in charge of different colleges. These lectures aim at personality development, developing self-confidence, self-discipline and cultivating feeling of patriotism in the students.
- (C) **Blood donation**
- (D) **Rallies:** Arranged with a special purpose – e.g.: Thalassemia awareness, social issues, environmental awareness etc. time of emergencies like natural calamities, NCC students are sent to help in relief work.
- (E) **Army training:** Army training is given to NCC students in training camps and parades.
- (F) **NCC Camps:**

This is a significant activity students are supposed to do in NCC. Each student must attend at least on camp a year. Camps are arranged by the NCC division in and outside Ahmedabad. There are different types of training camps organized by the NCC.

 - i. **RDC Republic Day Camp at Delhi:** Students from battalion are selected for this national camp. In the year 2013 DipakVaishnav- A student of this college, studying in B.Com semester-3 was selected for RDC.
 - ii. **CATC-** Combined Annual Training Camp.
 - iii. **TTC-** Thalassemia training Camp.
 - iv. **OTA –** Officer training.

In such camps students are recognized for their good performance in campus. Students are recognized for the best drill, discipline, Kirpan training and also as the Best Seniors. Students of our college are recognized from time to time for their performance.

- 1) Parihar Saurabh [Roll no. 389, B.Com Semester-4] has got recognition as the Best Senior. Sijapati Naresh [Roll no. 238 Bcom Semester- 2] has been recognized as the Best Runner. Prajapati Kirti [Roll no. 162 B.A semester-4] has attended 14 camps and has won most of the recognition awards given in the camp. Sgt. 3.6.2 What is the Institutional mechanism to track students' involvement in various social movements / activities which promote citizenship roles?

Ans.

The institution tries to bring an awareness among the students prevailing social issues and movements. Under the NSS and NCC students are exposed to an understanding of current issues and movements through guest lectures programs conducted by Youth Welfare Department of the University, NSS and NCC units of the college and other colleges, NCC and NSS camps, rallies, etc.

The biggest role that the college has played recently is to take part as an active partner in rehabilitation activities in disaster hit Uttrakhand in

association with NDRF, CRPF and Government of Uttarakhand. Parmarth Niketan played a big role in conducting this exercise. As a result the college is today a major agency in coordinating rehabilitation and rebuilding destroyed villages in Uttarakhand.

This year (2013-13) the college is celebrating 75th year of the establishment of Bharatiya Vidya Bhavan and 125th birth year of its great founder late shri K. M. Munshiji. The twin celebration was launched on 10 December 2012 in the esteem presence of Shri Morari Bapu. In his inspiring lecture he focused on Cultural Heritage of India and its relevance in the present times and need for value based education.

Within the college, this awareness is created by giving the students a plat form to express and exchange their thoughts on such issues for example “*Save The Girl Child*”, “*Status and Role of Women in Contemporary Indian Society*”, “*Challenges of Globlisation*”, “*Corruption*” are given as topics for debate elocution, Group Discussion, Essay writing, Drawing, Collage competition.

On 8th February 2013- The Nirvana Divas of Shri Munshiji- Ms. Mallika Sarabhai was invited to address the faculty and the students. As a social activist and reformer she gave a call to the audients to join the movement, **Ahmedabad Rising**. This is the Movement about bringing an awareness as well as solution to issues related to women.

NCC and NSS students are recognised for their performance by the college. Trophies are awarded to students in Annual Function at the hands of the chief guest. This motivates the students to join and perform well in extension activities.

3.6.3 How does the institution solicit stakeholder perception on the overall performance and quality of the institution?

Ans.

The institution sends students to participate in the stack-hold programs organised by different outside agencies. The quality and development of the institution are solicited by –

- A. number of students registered for such programs,
- B. certificates received by the students and the institution at the end of programs and
- C. Feedback received from the community or the organizing agency.
 - a) Students of NSS and NCC are sent for flag-hoisting to the University every year.
 - b) Five students were sent to Pune to attend Students Parliament Convention during 10, 11, 12 January, 2013.

- c) On 30th Nov 2011 and 1st Dec 2011 20 students of NSS went with the Banner of the college in the two days program on AIDS awareness Campaign organised by Red Ribbon at H.K. Arts Ahmedabad.
- d) On 15th Dec 2012 students visited the Girl School for Blind, Ranip for orientation about various subjects in Arts faculty.
- e) 10 students attended the aware-ness campaign “*My Earth My Duty*” organised by Youth Welfare Department of India H.K Arts College on 6th August 2012.
- f) 3 students of the college attended the Workshop on “*Gandhi Vichar Abhimukhata (toward Gandhian Thoughts)*” Organised by Gujarat Vidya Pith at Virampur, Ambheti during 1st Sep 2012 to 5th Sep 2012.
- g) Students of NSS attended 2 day Seminar on Right to Information organised by SPIPA Gujarat University, GTU, and Kadi Sarva Vidyalay at SPIPA on 29 and 30th October, 2012.
- h) 2 students attended the Marine Camp at Okha organised by the Gujarat University from 6th to 9th January, 2013.
- i) The faculty and about 20 students participated in the rally and seminar on Voting Aware-ness Campaign organised by Youth Officer, Government of India on 6th Dec, 2012.
- j) 54 students went to Gandhinagar to attend the celebration of Birth Anniversary of Swami Vivekanand on 12th January 2012 and 2013.
- k) About 15 students joined the rally and other activities of the campaign- Ahmedabad Rising- launched by Mallika Sarabhai at Gujarat Vidya Pith on 14th Feb 2013.
- l) Students of the institution participated in the Plantation program organised by the NSS unit of Naroda Arts College on 13th March 2012.
- m) The NCC students participated in Bikers Rally For Road Safety Awareness RTO Ahmedabad to Andhjanmandal on 1st Jan 2012.
- n) An NCC student participated in Inter Group Competition at Vaso on 27th Aug 2012.

3.6.4 How does the institution plan and organize its extension and outreach programmes? Providing the budgetary details for last four years, list the major extension and outreach programmes and their impact on the overall development of students.

Ans.

- (A) The institution runs NSS and NCC units as part of extension services. There is a faculty in-charge for each of these. The NCC unit is registered under the 9th battalion of the NCC division, Ahmedabad. The NSS unit is linked the Youth Welfare Department of Gujarat University. The

activities of the NCC are determined by the NCC division Ahmedabad. Moreover, The College tries to motivate students by giving them some space for performance and also by felicitating them. The institution plans the NSS activities on its own. It also responds to the invitation from NSS units of other colleges as well as the University and Youth Welfare Department of India and sends students and faculty in-charge for the activities (Seminar, Workshop, Camp, Rally, Lectures, etc.).

(B) The college gets no direct funds for NCC. Uniforms, Conveyance Money etc. are given to students by the NCC division Ahmedabad.

The Youth Welfare Department of the Gujarat University gives grants for holding activities in NSS. Every year the institution gives a grant of Rs.22000 for organising different activities under the NSS. It also gets an additional grant of Rs.22000 for organising NSS camp from Youth Welfare Department of the Gujarat University for organising NSS camp. The institution takes support from other agencies in terms of service oriented activities, lectures, etc. No financial aid is generally taken from any other agency for activities of NSS.

(C) The extension activities contribute to overall development of the students. By actively participating in these activities the students learn community services and understand the need for services. They are exposed to the large masses, the under privileged classes of society. They learn to serve them. They also develop qualities like leadership sharing, living together in groups and helping one another. In NCC students also learn discipline and its importance in life. They get army training and look forward to joining the Indian Army. Three students of the institution have joined the Police Force. Some students have also joined the Indian Army. In short, through these activities students learn to become good citizens of the country. Some of the programmes and activities contributing to such input are as under:

In-House Activities:-

- I. Cleanliness in the college by students at least, one a year.

3.6.5 How does the institution promote the participation of students and faculty in extension activities including participation in NSS, NCC, YRC and other National/ International agencies?

Ans.

- (A) There are in-charge faculties for NCC and NSS in the college. Students are given a choice to opt for these programs in semester-I. The in-charge faculty arranges an orientation meeting with students of semester-I and makes them aware of nature and scope of these extension programs. After explaining these programs the interested students are invited to register for program of their choice with the respective faculty in-charge.
- (B) Parade of NCC students is sometimes arranged in the college before the staff and the students. Space was given to NCC students to perform an event during the celebration of cultural days in the college 30 and 31 January 2012. NCC students are generally made to remain present while receiving guests in the college.
- (C) Every year selected students from NCC and NSS are recognized and felicitated with trophies for their sincere participation and good performance in extension activities.
- (D) Every year an NSS camp is organized for students by the institution. The faculty in-charge for NSS selects students from NSS unit to attend the camp. The camp is arranged in a village surrounding Ahmedabad. Students stay there and do different activities like holding free medical check-up camp arranging blood donation camp, inspiring guest lecturers for villagers, caring out projects like plantation, Motivating school children by arranging different competition in the village school and rewarding the winners. In 2010-11 the NSS camp arranged in Por near Chandkheda with the assistance of the faculty in-charge Prof. Naresh Modia and the in-charge helper Shri Naresh Mehta. In the Year 2011-12 the NSS camp was arranged at Chadasana, a village near Ahmedabad, under the supervision and guidance of the faculty in-charge Prof-D.J.Patel and the helper Mr Naresh Mehta. In order to motivate the students, all the faculty members visit the camp destination at least once in the 10 days.
- (E) The institution motivates students' participation in extension activities by extending financial assistance to students for participation in activities. For

example, Students are given conveyance to attend workshops rallies, seminars and other such activities conducted by the university and other institutions within the city. 5 students were sent to Pune to attend the Indian Students Parliament from 10th to 12th January 2013. - b) **Extra –curricular activities – sports, outdoor and indoor games, gymnasium, auditorium, NSS, NCC, cultural activities, Public speaking, communication skills development, yoga, health and hygiene etc.**

Ans.

(A) Curricular and Co-Curricular Activities:-

For curricular and co-curricular activities the institution has 18 big and small class rooms located on four floors, eight of them are big halls, the rest are smaller rooms. All class rooms have a stage for teachers and benches for students. The bigger room has a table and a chair. Benches are arranged in four rows. There are interactive Itake white boards in six class rooms with multi-media, two projectors and L.C.D in room no.5. It is developed at research laboratory and a small seminar room with a capacity for 100 participants. The room has 4 air-conditioners, a projector, an L.C.D, a desktop and a huge interactive Itake white board and a screen.

Room numbers 1-4 are on the 2nd floor, Room number 5 and 9 on the 3rd floor, Room number 18 on the landing and the rest of the rooms are on the 4th floor. In addition to class rooms, there is an Audio-Visual Room at the back side of the building opposite the college building. There is a Psychology lab on the third floor. Room no. 9 used as the DELL Lab. There is an advanced Computer Lab as well on the campus.

Apart from the small seminar room, mentioned about, there are two other seminar halls on the campus. One on the basement of the opposite building is an advanced, centrally air-conditioned seminar hall with a capacity for 150 people. Other is an auditorium- used as a big seminar hall- with a capacity for 450 people.

Infrastructure in terms of technology is as under:

(B) Extra Curricular Activities

For Cultural Activities the institution has perfect infrastructure. Most of the inter-college competition in the University City Zone Youth Festival hosted by the institution in 2012-13, were held on the college campus. There are two halls for Dramatic, Musical and Dance performances. The bigger one is an auditorium with a capacity for 450 people. It has a big stage, apt for professional performances. The smaller hall is an air-conditioned, Blue Carpeted hall with acoustics. It has a capacity for 150 people. I may note humbly that the college is a member of the Spic Macay- the only member in Ahmedabad. As a Spic Macay program a Mohiniattam dance performance by an artist of national fame was held in this hall. The annual function as well as the cultural events of the college is always held on the college campus. The auditorium and the hall, the college compound as well as the class rooms are used for holding cultural events. There are 2 Audio Systems. There is also a portable audio system so Debates, Group Discussion, Elocution, Extempore, etc. events can be held conveniently in any of the big class rooms or halls.

For development of communicative skills, there is an advanced language laboratory in the college. Under Society for Creation of Opportunity through Proficiency in English (SCOPE) program the government of Gujarat has set up DELL Laboratory (Digital Electronic Laboratory) in the colleges. The process of setting up a DELL Lab in the college has begun.

In the limited space, the infrastructure needs to be used at multiple levels. Room no.5 is developed as NSS and NCC room as well.

Sports competitions like high jump and long jump are held in the college ground. For Practice of Cricket, Kabaddi, Football and other team games, students got to the University Play Ground.

4.1.3 How does the institution plan and ensure that the available infrastructure is in line with its academic growth and is optimally utilized? Give specific examples of the facilities developed/augmented and the amount spent during the last four years (Enclose the Master Plan of the Institution/ campus and indicate the existing physical infrastructure and the future planned expansions if any).

Ans.

- (A) For handling and maintaining technology a technologist is employed. He maintains, installs softwares and also assists the faculty in using the technology.
- (B) The institution organised a special training in computers for the faculty. A training program in *I. T. Awareness* conducted by TCIL was facilitated for the faculty members by the institution on 2nd January 2013. Earlier also a faculty from the Gandhi Institute (on campus) was invited to train the faculty in using computers. By now, the institution has ensured almost 100% computer literacy on the part of the faculty.
- (C) Along with the regular library, e-library has been developed by the institution for the use of the faculty. The e-library has CDs on language and communication, art and culture, and some classic films. There are also CDs of live educational telecast on the State Wide class room from BIASAG.
- (D) Introductory lectures for students by all HODs have been prepared in CD format in the Audio-Visual room by the institution. These CDs are shown as per requirement, to students taking admission in semester-I.
- (E) Seminars, conferences and workshops are organised by the institution on the campus. The infrastructure is perfectly apt for such research activities as mentioned above, There are three seminar halls. Because of the Wi-Fi

on the campus, the research scholars can easily present their papers using PowerPoint.

- (F) In the year 2012-13 the institution hosted the Gujarat University Youth Festival of the City Zone. Youth Festival is a cultural event- a program of the Gujarat University. It involved about 29 Inter-College competitions in Music, Dance, Dramatics, Academic, and Fine Arts. About 33 colleges from the city zone participated in 29 competitions in the Youth Festival. Most of the competitions were held on the college campus.
- (G) In the year 2012-13, the college has been identified as a model college by the Department of Higher Education, Government of Gujarat. The ambitious Students Portability Program of the Department of Higher Education, Government of Gujarat was launched in the college in the esteemed presence of the Education Commissioner Dr. Jayanti Ravi. As part of the program several new courses were introduced for students. The courses included Fashion Designing, Web Designing and Animation, Photography, Clinical Psychology and G.K and Competitive Examinations. The infrastructure was utilized for conducting these courses in the campus.
- (H) The institution has become a member of the reputed organization Spic Macay which facilitates dance and music performances by eminent artists to the students. The institution has appropriate infrastructure to hold such performances on the campus. A dance (Mohiniattam) performances was held in the college hall in April 2013.
- (I) Every year the college celebrates a cultural week. all kinds of competitions (academic, musical, dance, dramatic and Fine Arts, days) are held during the week. The whole event is organized on the college campus.

4.1.4 How does the institution ensure that the infrastructure facilities meet the requirements of students with physical disabilities?

Ans.

It must be noted that number of students with physical disabilities is very meagre most of the years nil. Yet the infrastructure facilities meet some of the requirements of such students.

- A. The Auditorium, Seminar Hall, Computer Laboratory- none of these is on the top floor. Each of these is either ten steps down in the basement or ten steps above the ground.
- B. The administrative office and the Principal's cabin are on the first floor
- C. Drinking water facilities and wash rooms are right on the campus. Though most of the class rooms are on the second and the fourth floor, provisions are always made with consideration in case of genuine cases. For example, Divya Hundia, a student of B.A semester-IV had made with

an accident before examination. Arrangements were met for her to appear for internal evaluatory examination on the ground floor in the campus.

4.1.5 Give details on the residential facility and various provisions available within them:

- *Hostel Facility – Accommodation available: NIL
- *Recreational facilities, gymnasium, yoga center, etc.: Yoga classes held regularly
- *Computer facility including access to internet in hostel: Wi-fi campus. No hostel facilities
- *Facilities for medical emergencies: First aid, ambulance on call
- *Library facility in the hostels: Nil
- *Internet and Wi-Fi facility: Yes. The campus is Wi-fi. All computers are connected via internet
- *Recreational facility-common room with audio-visual equipments: Common room is available with reading room facility.
- *Available residential facility for the staff and occupancy: NIL
- *Constant supply of safe drinking water : Yes, in the college campus
- *Security: Yes. Outside agency is appointed for the security services.

4.1.6 What are the provisions made available to students and staff in terms of health care on the campus and off the campus?

Ans.

- (A) Students and staff are given guidance regarding health through one day seminars organised by the institution from time to time on awareness on Thalesemia, HIV, etc.
- (B) There is a “Doctor on Call-108 Ambulance” facility in the whole state. The institution is free to avail it any time whenever needed.
- (C) Every year a free health check-up for the first year students, facilitated by University is carried out by the institution. A team for health check-up of the students, appointed by the University comes to the college for examining students.
- (D) Students are sent to participate in campaigns related to health awareness and health care.

4.1.7 Give details of the Common Facilities available on the campus – spaces for special units like IQAC, Grievance Redressal unit, Women’s Cell, Counseling and Career Guidance, Placement Unit, Health Centre, Canteen, recreational spaces for staff and students, safe drinking water facility, auditorium, etc.

Ans.

- A. There is a Ladies' room on the second floor on the college building.
- B. There is an Auditorium with a capacity of 450 people on the campus.
- C. The IQAC Cell is on the third floor.
- D. The NSS and NCC room is to be identified on the third floor.
- E. There is a canteen offering light snacks, tea, coffee in the campus.
- F. Counseling and career guidance are done on the third floor. It is also available online at the college website.

4.2 Library as a Learning Resource

4.2.1 Does the library have an Advisory Committee? Specify the composition of such a committee. What significant initiatives have been implemented by the committee to render the library, student/user friendly?

Ans.

Yes. The Principal and heads of all departments of the institution form the Advisory Committee of the Library. Thus, the members of the Advisory Committee of Library are Dr. Neerja Arun, Dr. T. K. Thakur, Dr. Vidya Rao, Prof. B. J. Shah, Prof. D. J. Patel, Prof. N. M. Brahmhatt and Prof. D. M. Dave. The Principal is the head of the Committee. In the beginning of every new academic year and since 2011 in the beginning of each new semester, the Committee makes recommendations for books to be purchased. The books include text books, reference books and even other general books. Throughout the year the College may even suggest subscription of new journals and magazines. The Committee involves in taking decisions as under:

- a. Infrastructural requirement in library
- b. Up gradation of equipments.
- c. ICT facilities, automation services
- d. Purchase of Books and Material,
- e. Subscription to Journals, Magazines etc.
- f. PBL scheme.
- g. Purchase of PBL books and distribution policy etc.
- i. Disposal of out dated books.
- j. Policy of issuing – return of books by staff and students.
- k. Creating facilities, circulating notices – information etc.
- l. Providing / Maintaining Internet for Students
- m. reprography services
- n. Xeroxing facilities
- o. Downloaded curriculam related material

4.2.2 Provide details of the following:

- .. Total area of the library (in Sq. Mts.) 1010.6
- .. Total seating capacity: 30
- .. Working hours on working days: 8 hours
on holidays NIL
before examination days ; 8 hours
during examination days: 8 hours
during vacation: 8 hours
- Layout of the library
individual reading carrels: NIL
lounge area for browsing Yes
relaxed reading: YES
IT zone for accessing e-resources YES

4.2.3 How does the library ensure purchase and use of current titles, print and e-journals and other reading materials? Specify the amount spent on procuring new books, journals and e-resources during the last four years.

Ans.

4.2.4 Provide details on the ICT and other tools deployed to provide maximum access to the library collection?

OPAC

- .. Electronic Resource Management package for e-journals
- .. Federated searching tools to search articles in multiple databases
- .. Library Website
- .. In-house/remote access to e-publications
- .. Library automation
- .. Total number of computers for public access:

- ..Total numbers of printers for public access:
- ..Internet band width/ speed :
- ..Institutional Repository
- ..Content management system for e-learning:
- ..Participation in Resource sharing networks/consortia (like Infflibnet)

Ans.

- a. OPAC- Yes
- b. Electronic Resource Management package for e-journals – not subscribed as yet
- c. Federated searching tools to search articles in multiple databases – No
- d. Library Website – No
- e. in-house/remote access to e-publications – Yes, We are directly connected with INFLIBNET
- f. Library automation – Yes
- g. Total number of computers for public access – 2 computers in the library.
- h. Total number of printers for public access – 2 printers
- i. Internet band – speed – 2 mbps
- j. Institutional repository - Nil
- k. Content Management System for e-learning – No
- l. Participation in resource sharing networks – Yes direct connectivity with INFLIBNET n-list

4.2.5 Provide details on the following items:

- ..Average number of walk-ins
- ..Average number of books issued/returned
- ..Ratio of library books to students enrolled
- ..Average number of books added during last three years
- ..Average number of login to opac (OPAC)
- ..Average number of login to e-resources
- ..Average number of e-resources downloaded/printed
- ..Number of information literacy trainings organized
- ..Details of “weeding out” of books and other materials

Ans.

- a. Average number of walk ins in the library – 50 a day
- b. Average no. of books issued/ returned – 36 a day
- c. Ratio of library books to students enrolled – 70:1
- d. Average no. of books added during last three years – 900 a year
- e. Average no. of login to OPAC – 20 a day
- f. Average no. of login to e-resources – 30

- g. Average no. of resources downloaded – 25 a day – printed – 20

4.2.6 Give details of the specialized services provided by the library

- ..Manuscripts
- ..Reference
- ..Reprography
- ..ILL (Inter Library Loan Service)
- ..Information deployment and notification (Information Deployment and Notification)
- ..Download
- ..Printing
- ..Reading list/ Bibliography compilation
- ..In-house/remote access to e-resources
- ..User Orientation and awareness
- ..Assistance in searching Databases
- ..INFLIBNET/IUC facilities

4.2.6 Library services:

- a. Manuscripts – No
- b. Reference – There are many books, some rare ones as well – in the reference section of the library. The reference section includes encyclopedias, dictionaries, Scriptures and treatises, etc. Some books in the reference section are listed below:
 - c. *Encyclopedia Britannica, OED, Oxford Companion to English Literature, Master Plots, Mahabharata*

- f. ILL (Inter Library Loan Service) - Yes
- g. The institutional membership of the British Library, Ahmedabad has facilitated ILL service in the college.
- h. Information deployment and notification – No
- i. Download – There is a facility and practice of downloads in the library. Books, study material, reference articles as well as films based on the syllabus are downloaded. On an average, there are about 30 downloads a day in the library.
- j. Printing – Important documents related to library, downloads.
- k. Reading list/ Bibliography compilation – OPAC
- l. In-house remote access to e-resources – There are two computers with a wi fi internet facility. There is also a direct connectivity with INFLIBNET n-list
- m. User orientation and awareness – Yes
- n. Assistance in searching database – Yes

o. INFLIBNET facilities – yes connected to n-list

4.2.7 Enumerate on the support provided by the Library staff to the students and teachers of the college.

Ans.

The library staff consists of two people – a librarian and a peon. The librarian is a qualified M. Lib. with knowledge of a computer. He maintains and keeps updating OPAC. He assists the faculty and the students in finding books. The library gets periodicals, journals and newspapers. Dailies are displayed for the visitors. A visitors' register is maintained in the library. As per the instructions received, the librarian places orders for books with publishers and book sellers. The library facilitates downloads, printing material for students, issue of books to faculty and students and issue of cds from the e-library.

4.2.8 What are the special facilities offered by the library to the visually/physically challenged persons? Give details.

Ans.

There haven't been any visually challenged students in the college in all these years. The library has no special facilities for visually challenged readers. However, such students are sure to get help from normal students who may read books to them.

4.2.9 Does the library get the feedback from its users? If yes, how is it analysed and used for improving the library services. (What strategies are deployed by the Library to collect feedback from users? How is the feedback analysed and used for further improvement of the library services?)

Ans.

The library gets a feedback from the faculty. The advisory committee of the library makes recommendations based on the feedback. The principal collects oral feedback from the faculty. The feedback is considered in new purchases.

4.3 IT Infrastructure

4.3.1. Give details on the computing facility available (hardware and software) at the institution.

b. Computer – student ratio –

c. Stand alone facility – The details of stand - alone facility are as under:

1. PCs: 40 in the Computer lab, ___ in the Language lab, , 3 in the library, one in the staff room, one in the Principal's cabin, 3 in the administrative office and one in the Accounts office.
2. CCTV Camera
3. Xerox Machine – 1
4. Server (ERP)
5. Multi function printers – 2: one in the Principal's cabin and the other in the library
6. Laser Printer – two in the Administrative office, one in the Accounts office
7. A Scanner in the Library
8. A Fax Machine
9. Projectors – 6

There is a wi fi in the entire campus so all the PCs and laptops have an internet facility.

d. LAN Facility –

1. Wi-fi for internet access on the entire campus
2. 7 Laptops given to the faculty

e. Licensed Software –

1. Windows XP
2. Windows 7
3. EMR Software (Electronic Media Records)
4. Speech Recognition Software
5. Anti virus Software

6. Fees Collection Software
7. Accounting Software
8. Library Software (SOLO)

f. Number of modes/ computers with internet facility – There is a wi-fi for internet access on the entire campus so all computers and laptops easily facilitate internet.

g. Any other – Apart from the above mentioned infrastructure in terms of technology, there are also –

1. 3 audio systems and one portable audio system,
2. BISAG facility for the faculty and the students – (This is the Dish for receiving live telecasts from SANDHAN)
3. 6 Take note pads
4. 6 Interactive White Boards and
5. 6 pieces of Attendance System in the college.

4.3.2 Detail on the computer and internet facility made available to the faculty and students on the campus and off-campus?

Ans.

There is a PC in the staff room. Laptops are given to different departments. Initially 3 laptops were spared for the teaching staff. Now each department of the college has a laptop.

The entire campus has a wi-fi for internet. The laptops, the PC in the staff room, those in the library and one in the Principal's cabin – all these are, at present, logged in with wi-fi. However, as per requirement, it is possible to link all the computers with wi-fi and facilitate internet access.

Students also have an easy access to internet in the library.

4.3.3 What are the institutional plans and strategies for deploying and upgrading the IT infrastructure and associated facilities?

Ans.

The institution has deployed IT infrastructure to cultivate a research culture in the college and also to improve and advance the quality of teaching – learning process. To cope with the changing times, the institution has deployed IT infrastructure and constantly goes on upgrading it. The institution has deployed IT infrastructure with a systematic strategy and planning.

1. Computers (PCs) were bought at an initial stage to introduce IT in the institution PCs were set in the office, library and staff room. About 5 PCs were put in the staff room out of which one was connected with

internet. There was a printer as well in the staff room. An instructor was engaged by the institution to teach computers to the faculty.

2. Once computer literacy was ensured, slowly and gradually, IT infrastructure was developed – projectors, laptops, interactive white boards, audio systems, and many other aids were bought. To assist the faculty in using IT appliances, to install and to maintain the IT infrastructure, the institution has employed a technician.
3. Students are allowed an access to IT. Two computers are set in the library on which students may have an easy access to internet. The entire campus has been equipped with a wi-fi. Multimedia classrooms are developed. Laptops are given to staff members to enable them to advance their teaching and to motivate them to go into research.

4.3.4 Provide details on the provision made in the annual budget for procurement, upgradation, deployment and maintenance of the computers and their accessories in the institution (Year wise for last four years)

4.3.5 How does the institution facilitate extensive use of ICT resources including development and use of computer-aided teaching/ learning materials by its staff and students?

Ans.

In order to enable the faculty to use ICT resources optimally, the institution has equipped the campus with a wi-fi. All the departments are facilitated with laptops. The faculty can take the laptop to any classroom and make use of web resources. PPTs can be prepared and shown to larger classes in multimedia classroom with the help of projector. The research laboratory or the small seminar hall can be used to show academic presentations. Seminars, workshops and conferences are organised by the institution in the campus.

4.3.6 Elaborate giving suitable examples on how the learning activities and technologies deployed (access to on-line teaching - learning resources, independent learning, ICT enabled classrooms/learning spaces etc.) by the institution place the student at the centre of teaching-learning process and render the role of a facilitator for the teacher.

Ans.

The institution has displayed and has been constantly upgrading the ICT infrastructure for betterment of teaching- learning process facilitating the students and the faculty with latest ICT appliances, promoting research oriented and other academic activities and preparing students for a bright career and feature.

- Learning technologies are used extensively for students.

- a. ICT enabled classrooms are used for PPT by the faculty.
- b. Different agencies holding workshops and seminars for students find it easy to reach out to students through Power Point Presentations. Students also find it easy to understand new concepts.
- c. Reference material, sometimes text books like old classics (*The Vicar of Wakefield, Hamlet* etc) are downloaded to help when students prepare for examination to text-books, they are spared from spending money for buying those texts.
- d. Films are downloaded and shown to students. For example. *The Blue Umbrella, Romeo and Juliet, To kill a Mocking Bird* were shown to students in 2012-13.
- e. CDs are purchased and shown to students For example *The Kyd, Abhijnana Shakuntalam, King Lear, The Blue Umbrella, Gulliver's Travels* were bought in the last two years. Sets of BISAG CDs are bought by the institution. They are frequently used by the faculty for students. Dr.Manoj Pandya, Dr.Vidya Rao, Dr.Swati Kapadia, Prof. Kahar and Prof. Solanki have used BISAG CDs in their regular classes.
- f. There are many e-books in the library. The faculty members have an easy access to them. They are also used, as per requirement, by the faculty for enhancing teaching.
- g. The faculty members have laptops. The Wi-Fi on the campus enables teachers to use web resources, e-books etc in any of the classrooms. Thus even in smaller classrooms (10, 11, 12, 13,14,15,16,17,18) students can learn through latest (ICT) learning technology.
- h. Students can themselves use computers and have an access to web resources in the college library.
- i. The teacher often plays the role of a facilitator in the institution by
 - a) guiding the students in accessing web resources,
 - b) showing PPTs, downloads, CDs etc and then motivating students to work on their own,
 - c) giving print outs of the required content,
 - d) giving projects and assignments and guiding the students to prepare them on their own and
 - e) in P.G. classes, guiding students in preparing their dissertations, PPTs, etc.

Ans.

The campus area consists of college building, Seminar Hall, Auditorium Audio – Visual Hall, Parking area, Cafeteria, Drinking water facility and wash rooms for boys and girls.

The college building is regularly maintained and white washed. Its furniture is repaired and the expenditure is shared by the colleges. The systems of reporting and taking action are well maintained. The upkeep of cleanliness and repair/maintenance is catered from the annual maintenance grant received by the colleges.

24 hour security is ensured on the campus. The security guard looks after the vehicles parked in the campus.

Equipments and computers are individually bought and maintained by each of the colleges. Our college has employed a technician for the upkeep and maintenance of equipments and computers.

The drinking water area has coolers where cold water is available to the students and the staff.

Washrooms of boys and girls are cleaned with chemicals and phenyl and keep the area healthy. Separate parking area is allotted for the staff, students and principals. The electric installation is fitted with modern gadgets and fluctuation and tripping is well looked into without major hassles. The campus has security guard and the emtire campus is fitted with CCTV

Cameras with monitors in the chambers of Principals and the Campus Co-ordinator.

The Cafeteria caters for healthy and hygienic eatables with reasonable rates under the strict supervision of the Campus Co-ordinator.

4.4.3 How and with what frequency does the institute take up calibration and other precision measures for the equipment/instruments?

The institution has an in-house technical assistant. It calibrates the ICT facilities on regular basis. So much so that internal sharing platforms are also developed in-house.

The institution individually buys and maintains equipments and other ICT resources. However, in joint functions and events the colleges collaborate and share expenses of the use of ICT resources.

4.4.4 What are the major steps taken for location, upkeep and maintenance of sensitive equipment (voltage fluctuations, constant supply of water etc.)? Any other relevant information regarding Infrastructure and Learning Resources which the college would like to include.

Ans.

As mentioned, the institution has engaged a technician for maintenance of ICT equipments. For maintaining and repairing voltage fluctuations and sensitive electrical equipment, an electrician is engaged on call by the institution. Whenever need be, the Torrent Power and the BSNL are approached.

The UPSs are there to support the voltage fluctuations.

Any Other:

- a) The institution has developed ICT infrastructure and learning resources immensely in the last four years. With the CPE grant of Rs.1 Crore, Additional development grants from UGC.
- b) Collaboration with beneficiaries like the SBI and ONGC an environment conducive to research is created in the institution. The management and the principal create opportunities and encourage optimal use of the infrastructure.

5.2.3 How does the institution facilitate student progression to higher level of education and/or towards employment?

Ans.

The institution facilitates student progression to higher level of education and/or towards employment by giving information through Seminars like Edwise Institute of Abroad courses/arranging campus interviews, Direct job placement , etc. The students are given the knowledge about resume writing, competitive exams and career guidance through the

seminar, workshops, and orientation programs. The DATA of the students are provided to well known companies and industries for the direct job placement.

5.2.4 Enumerate the special support provided to students who are at risk of failure and drop out?

Ans.

The institute provides the special support to students, who are at risk of failure and dropout by arranging extra classes after/during college hours, and encouraging the students by participation in other co curricular activities. They are given the second chance; the Institution helps these types of students to call upon them by phone, by mail etc. Some times bridge courses are arranged for these types of students by the Institution. By the latest norms of the University the students can forward till fifth semester without being declared fail. However in sixth semester they have to clear the back papers.

5.3 Student Participation and Activities

5.3.1 List the range of sports, games, cultural and other extracurricular activities available to students. Provide details of participation and program calendar.

Ans.

Bhavan's Arts and Commerce College aims at all round development of students. It is the establishment of Bharatiya Vidya Bhavan (BVB), the first of its kind in the country to voice the cultural heritage of India to the world. The BVB Ahmedabad proudly bears and carries forward the tradition of its parental institution. The college holds numerous co-curricular and extra curricular activities for students round the year. It also sends students to other institutions to participate in inter college cultural and sports competitions. There is a Cultural Committee in the college which looks after the co-curricular and cultural activities within the college as well as outside it at other places. Prof. Niranjana Brahmbhatt and Dr. Swati Kapadia are the members of the co-curricular and Cultural Committee.

Dr.P.C.Chavda, the Physical Instructor of the college, looks after sports related activities.

Youth Festival is a major Cultural event in an academic year. It is a project of the Gujarat University. All the colleges affiliated to the Gujarat University have been divided into six zones. The cultural inter college competitions are conducted by the University at 2 levels- 1 Zonal 2 Inter Zonal. Students who win at Zonal level, participate in inter zonal competitions. In each of the six zones, the Youth Festival is hosted by a college of that zone Inter Zonal Youth Festival is again, hosted by a college.

Students participate enthusiastically every year in the Youth Festival. The college bears total expenditure of student participation in the Youth Festival. Professional trainers are engaged to train the students for events like folk dance, group song, light vocal, skit, mime and mono acting. The college also provides accompaniment (musicians, etc.) to students. The Cultural Committee guides the participants for all competitions. The faculty accompanies the students at the venue of competitions. The Principal takes a deep interest in the Youth Festival and all other cultural and sports activities done in the college and also offered by the college.

In the year 2012-13 the college hosted the Youth Festival in the City Zone – the biggest zone with 105 colleges. About 40 colleges participated in about 28 dance, drama, music and fine arts competitions. The college successfully organised and conducted the mega event. Past, Present and Future

Past: The College, which was established in the year 1965, had Arts and Science faculties. In 1967 College was bifurcated. In 1969 the Commerce faculty was added. It has always played a pivotal roll in bringing quality in education and the lives of faculty. Its faculty became the Vice Chancellor of South Gujarat University, Gujarat University and Pro Vice Chancellor of Gujarat University. One faculty received President of India Award and one received State of Gujarat Award. One student topped the University in the first passing batch of the college. The College started the tradition of week long Anand Saptah for cultural activities.

Present: The College, from a tiny acorn has now grown into a mighty oak tree in record time. It is now a recognized seat of learning and faculty and students are really proud to wear their educational institution on their front sleeve. It finds its rightful place on the educational map of Ahmedabad. It has its own International Research Journal and its faculty enjoys participation at University in decision making and education process. It already has international students from foreign universities and conforms to international standards of education.

Future: The College will take concrete steps:

To produce research-related publications: Monographs, Research, Papers and Research Bulletins. To introduce courses for competitive examinations which are professional in nature. e.g. IAS and IPS. To start Training Programmes and Certificate Courses in specialized fields.

6.1.2 What is the role of top management, Principal and Faculty in design and implementation of its quality policy and plans?

The management of the College is very dynamic, visionary and progressive. It comprises of the leading reputed and aristocratically acclaimed personalities of Ahmedabad. The diversified Professions of the managing committee help the institute to grow multi dimensionally.

BHAVAN is managing the College by a local Committee consisting of eminent persons of the city. Shri Rohit Mehta is the present Chairman of our Committee. Shri Mehta is an industrialist, Managing Director of Rohit Group of Enterprises and the Past International President of Lions Club. He was the Chairman of Gujarat Narmada Valley Fertilizers Company Limited. The then Hon'ble Chief Justice Shri J.M. Shelat, Hon'ble Chief Justice shri P.N.Bhagwati, Hon'ble Chief Justice Shri B.J.Diwan, all of Gujarat High Court, were our former Chairmen. A full time coordinator is appointed by the

Management to coordinate activities all the units under Bhavan's Kendra at Ahmedabad, for the purpose of its smooth functioning. One of the member Shri Sudhirbhai Nanavati is a well know lawyer –educationist of India.

The Board's primary functions are policy making and responsibility for sound resource management of the corporation. The Board determines the general, educational, and financial policies, and has the power to determine and periodically review the purpose and mission of the corporation, and to oversee and approve the budget of the corporation. The Board establishes policy guidelines for the endowment and for all investments and major fund raising efforts. The Board establishes, reviews, and approves substantive changes in the educational programs, and approves and authorizes all earned and honorary degrees in tune the affiliating University. The Board authorizes the purchase, management, and sale of all land, buildings, or major equipment for use of the corporation, and authorizes the construction of new buildings and major renovations of existing buildings. The Board authorizes the incurring of debts by the corporation.

There are at least three regular meetings of the Board annually, held on the date and at the place designated by the Board, the Chairman, the President, or the Secretary. All Trustees must disclose to the Board any possible conflict of interest.

Each member of the managing committee is a versatile personality, devoted selflessly towards the growth of the institute. The managing committee respect the authority of the Principal, hence does not interfere in day to day management. The Principal is autonomous in functionary as the supreme authority of the college.

However, this does not yield to negligence towards the College. The management participates very actively in adhering to its leadership role. To ascertain professional management of the College the Committee has appointed a coordinator Lt.Col.(Rtd.) D.K. Sharma to coordinate both ways. He is available daily 11.00 a.m. to 6.00 p.m in the College premises in his office. The management takes input from the principal every 3 month, 6 month and annually which covers following terms:

- a. Numbers of students in each class
- b. Result in detail to each class
- c. Works undertaken by College
- d. Involvement of faculty in research / Ph.D / innovative field etc.
- e. Achievement by College / faculty / students
- f. Any other matter to be informed to the management
- g. Numbers of faculty / management appointee / visiting /full time etc.
- h. Budget / expenditure / income / savings

The management thereafter meets always with coordinator and Principal and takes stock in detail. The meeting between coordinator and the Principal however takes place every month.

6.1.3 What is the involvement of the leadership in ensuring?

- ☐ the policy statements and action plans for fulfillment of the stated mission**
- ☐ formulation of action plans for all operations and incorporation of the same into the institutional strategic plan**
- ☐ Interaction with stakeholders**
- ☐ Proper support for policy and planning through need analysis ,research inputs and consultations with the stakeholders**
- ☐ Reinforcing the culture of excellence**
- ☐ Champion organizational change**

Formulation of action plans for all operations and incorporation of the same into the institutional strategic plan: The Institute moves with long term and short term plans. It draws long term plans for next five to six years and short term plans for six months to one year. The work review involves regular monitoring, audit and feedback mechanisms. The plans are made for infrastructural development, curriculum designing and progression status.

☐ Interaction with stakeholders

The institution conducts regular interaction events with all major stakeholders. The employers, industries and parents are involved in all major decisions. They are also kept informed about the major happenings. Alumni and sponsoring agency play a pivotal role in maintain contacts and interactions with stakeholders from the society.

☐ Proper support for policy and planning through need analysis, research inputs and consultations with the stakeholders

It's a matter of satisfaction that all the stakeholders take keen interest in the Institution and its activities. The orientation programs are conducted by the employers and different strata of the society. In same way, students are in direct interaction with the staff and the Principal.

The College has a unique tradition of having one annual panel discussion in which the stakeholders from the society participate. This gives an additional opportunity to understand the latest trends and views.

This year the panel discussion was attended by leading people from the Times of India Group, ONGC, State Bank of India, National Institute of Design (NID) and a leading publisher Jamnadas & Co.

□ Reinforcing the culture of excellence

The fact is that the college has untiring culture of excellence. It has received the most prestigious grants from UGC under the scheme of College with Potential for Excellence. This has given a rare opportunity to upgrade the overall environment in the college. In addition to this, a twin celebration of the college has enabled to celebrate academic and cultural events at the college at national and International levels.

A committee comprising leading academicians and planners from the country has been formed. It gives its inputs from time to time as advisors. The persons involved in this committee are of the stature of Former External Affairs Secretary of India, Secretary cum treasurer of IPSA, India, and Vice Chancellor of Ganpat University among others.

□ Champion organizational change

The College is well aware of the challenges and requirement at the higher education level in the society. Not only at the State level but at the national and International level too the college is ready to meet challenges. It has off-late improved its infrastructure, IT facilities, research oriented activities, Students progression activities and involvement of the society. The college has been taken up as the Model College by the department of higher Education to initiate interdisciplinary Choice Based courses, first time in India. Similarly, Government of Canada has invited the principal of the college in personal capacity to visit eight universities in Canada to explore the possibilities of coordinated courses and student and faculty exchanges. The constant upgradation of academics and research activities has resulted into earning a unique position in the society.

6.1.4 What are the procedures adopted by the institution to monitor and evaluate policies and plans of the institution for effective implementation and improvement from time to time?

Ans.

The Principal is the Head of the institution under whom several Heads of the subject-department are working. The respective staff is under the Head of the Department. The staff is reporting to their respective Heads and the Heads are directly reporting to the Principal. Thus, internal coordination and monitoring are thoroughly done.

The Principal is in constant touch with the management and the cordial understanding from Staff to management makes the evaluation and suggestion easy.

The Principal holds two meetings a month with the staff and one with the coordinator. However, the management meeting takes place twice a year. This smoothens the process of effective implementation of policies.

6.1.5 Give details of the academic leadership provided to the faculty by the top management?

Ans.

The management is very proactive as far as the academic leadership is concerned. It allows faculty to leave on duty to attend any academic event. Apart from leave it also helps the faculty in registration and research activities. The management also gives consent for any academic course useful for the students and bears the financial burden to run the course without burdening the students. Every year five to six such courses are run by the management for the students. The course for English Speaking is made compulsory for the BA with English as major students free of cost and management has been bearing its cost. There are many such examples which show that the College has very conducive atmosphere to run the academic courses and management is all out to provide adequate leadership to the academics.

6.1.6 How does the college groom leadership at various levels?

Ans.

The College has a democratic atmosphere and has appointed a number of committees headed by different faculty, irrespective of their status as junior or senior. The extracurricular and curricular activities are given to faculty members by rotation which gives them ample space to groom in the required leadership. The students are also made incharge of certain activities. They are asked to report back to the faculty and the Principal. The College Students' Union takes active part in various activities. In the same way, the librarian, the accountant and the non-teaching staff are given independent charge of certain activities. This ensures equal participation and equal opportunities to everyone.

6.1.7 How does the college delegate authority and provide operational autonomy to the departments / units of the institution and work towards decentralized governance system?

Ans.

The College has its own mechanism of delegation. It doesn't interfere in day-to-day functioning of the departments. The departments are free to select the courses as per the availability of the faculty. It also allows to draw the

respective time table and designing of soft skill courses and foundation courses. Some departments which have optional courses are independent enough to select the choices. The departments are also free to organize departmental seminars, quiz, presentation sessions and movie, industrial visit or employment oriented events of their own.

6.1.8 Does the college promote a culture of participative management? If 'yes', indicate the levels of participative management.

Ans.

Yes. The college has the atmosphere of participative management. A number of faculty members are involved in policy making for the College. The members are also involved in making proposal for grants and utilization of grants. They take decisions about the latest publications, celebration and nature of celebration of important events, representing college at the University etc. The members are also made incharge cum coordinators of courses run by management during the academic sessions.

6.2 Strategy Development and Deployment

6.2.1 Does the Institution have a formally stated quality policy? How is it developed, driven, deployed and reviewed?

For last five years the college has developed a strategic environment for development. It has planned the growth in systematic manner. The challenges were many and the biggest challenge was the space and infrastructure. The college has managed to avail more space from its sister institution to meet the requirements of Seminar auditorium, AV room, E-lecture theatre, Language laboratory and common instruction cum presentation rooms. In the first phase the college availed the space. Simultaneously the college drew a list of requirements which were mandatory to improve academic and extra curricular activities of the college. The college applied and availed grants in a number of heads from UGC and other public sector organizations to meet the requirements related to infrastructure.

Once the facilities improved, the College concentrated on the courses, increasing the sphere of courses and appointed faculty on contractual basis to avoid gaps in teaching and learning.

The College also decided not to shut down any course due to retirement or death of faculty. Such courses have been run on management's cost for more than 5 years, incurring losses to the management but not to the students.

Thus the College has attempted to not only maintain but also to improve quality of the education. The same is reviewed by faculty, students and management from time to time and necessary amendments are done whenever required.

6.2.2 Does the Institute have a perspective plan for development? If so, give the aspects considered for inclusion in the plan.

The College is heading towards including more PG courses, multidisciplinary courses and increasing number of subjects to be offered to the students of Arts. It also plans to develop its infrastructure. At present, the College lacks in ambience and refurbishing some of the basic amenities. The college aims at providing and improving both as soon as possible. It also plans to enhance its research oriented activities. One such major event is being availed by the College where one International Body shall organize first ever conference in India giving College the opportunity to organize the international conference in 2014.

6.2.3 Describe the internal organizational structure and decision making processes.

Ans.

This prestigious institution of higher education is a constituent part of Bharatiya Vidya Bhavan, Mumbai established by the great visionary educationist late Shri K.M.Munshiji in 1965 in Ahmedabad with a specific objective of propagating India's most valuable treasure of cultural heritage to upcoming generations along with modern University education. The founder, Kulpati Dr.K.M.Munshiji, therefore took up this great task as a challenge to be realized through complete dedication, devotion and dynamism.

The Managing Committee of Ahmedabad Kendra of Bharatiya Vidya Bhavan at present is constituted by the following most Learned and noble members of the city's leading families whose aristocratic, philanthropic and progressive outlook have always proved a boosting force for the development of the college under their command with parental care.

(1)	Shri Rohitbhai C. Mehta	-	Chairman
(2)	Shri Vipinbhai S. Parikh	-	Vice-Chairman
(3)	Shri Mukesh S Patel	-	Hon. Secretary
(4)	Shri H.M. Talati	-	Treasurer
(5)	Shri Navnitbhai G.Chokshi	-	Member
(6)	Shri Janakbhai Parikh	-	Member
(7)	Shri Sudhirbhai Nanavati	-	Member
(8)	Shri Prakashbhai Bhagawati	-	Member

Moreover, Lt. Col. (Retired) Shri D.K.Sharma is enthusiastically working as Co-coordinator. The Principal Dr Neerja A Gupta has been providing an exemplary role model as an educationist and an able administrator of the College since 2008.

As clarified earlier, the College is a constituent part of the Bharatiya Vidya Bhavan, Mumbai but for purpose of academic goals and pursuit of knowledge in various subjects, the college is affiliated to Gujarat University vide the sanction of UGC; therefore the terms and conditions of all academic pursuits are mandatorily binding to the college regarding admission to under graduate classes, syllabus, Terms duration, fee structure, Test and Internal Examination and requisite qualifications of the teaching and non-teaching staff for recruitment and promotion.

The Principal is the Head of the institution and looks after administration and academic activities of the College through Heads of each subject Departments. The HODs have to look after administration and academic activities of the Department. The HODs report to the Principal. The members of faculty are in close contact with their respective Head of the subject-Department. The administrative office and Accounts Dept. directly functions under the Principal.

6.2.4 Give a broad description of the quality improvement strategies of the institution for each of the following

□ Teaching & Learning

Ans.

To improve the quality of teaching and learning the college has adopted new and contemporary courses, improved infrastructure, appointed new faculty members on contractual basis and upgraded the library to open access fully automated system. It also established the tradition of students' seminar, presentations, quiz, movie sessions, colloquia, e-lectures, BISAG lectures, Intercative multi media classrooms, fully equipped computer labs, language labs, online examination system, dynamic website, IT equipped reading room and addon courses.

A number of faculty members including principal are much sought after by the electronic and print media as an expert for TV and radio. The leading educational Institutions and Universities keep inviting College faculty and students to participate in different academic events. This enhances the experience and enriches the college in return.

□ Research & Development

The College has made a reputation of organizing research oriented activities not only at State but also at Nation and International level. Its in house publication department provides an opportunity to bring out relevant publications involving leading scholars of India.

The College continuously organizes seminars, conferences, workshops, panel discussion, Publishing, and attending other events. The college also has a number of faculty members who are guides for Ph.D, M.Phil and orientation and refresher courses.

The College continuously motivates such activities.

The faculty members have applied for different projects such as organizing seminars and conferences and have been holding such events.

However there is no individual project granted to any member inspite of applying for it many times to UGC.

The College is selected by the Knowledge Consortium of Gujarat to conduct regular programs for research and development activities where the College acts as venue and faculty both.

□ Community engagement

The College is quite proactive in social concerns. It plays a pivotal role in engaging society in the institutional activities. Involvement of State Bank of India, ONGC, NGOs etc are examples that the College keep on organizing events which attract the society to become the stakeholder in its activities. In addition to this the College also welcomes a number of industries which offer employment facilities to the students and allows them to organize seminar and orientation programs from time to time. This also brings opportunity to interact with the society at large and communities.

□ Human resource management

The College is a grant-in-aid college which runs simply on the grants. For last 25 years the State Government has not raised the College amount of College share. On the other hand for last 15 years the state Government has not appointed even a single faculty or non-teaching staff on full scale. In such conditions the Human Resource management becomes a challenge for the college. Still with the active support of the management and sponsorship from the Public and Private sector the College is able to organize all important

functions and activities. This includes appointing faculty and staff members on a contract basis, visiting basis and appointing a technical person to run and maintain equipments in the college.

□ **Industry interaction**

The College has an open policy for the industry and it welcomes the industry visits as well as visit from the industry to the college. At times there is a requirement which is requested by the industry in such cases the college provides the contact data to the industry; it also organizes the training schedules, seminars and orientation session along with the industrial partners. This enables a number of job opportunities to the students.

6.2.5 How does the Head of the institution ensure that adequate information (from feedback and personal contacts etc.) is available for the top management and the stakeholders, to review the activities of the institution?

The institutions has a very regulated mechanism to report back to the management and the stakeholders. It includes personal briefings, media reports, advertisement and website publishing techniques for making the information widely known.

6.2.6 How does the management encourage and support involvement of the staff in improving the effectiveness and efficiency of the institutional processes?

The management has immense trust and interest in the institutional activities. The members keep visiting the College to attend one or the other events in guest capacity. During such visits the faculty holds discussion with management and during such interaction the required encouragement is provided to the faculty. In addition to this the College has provided personal laptops and free wi-fi facility on behalf of management. The conducive atmosphere in the College enables faculty members to work towards the progression of the institution.

6.2.7 Enumerate the resolutions made by the Management Council in the last year and the status of implementation of such resolutions.

5. Organize national and international conferences, seminars and panel discussions to enhance academic interaction and exchanges
6. MOU with foreign Universities for faculty exchange and student exchange
7. Specialized Skype lectures from foreign universities

8. Award duty leave to attend seminars, workshops, conferences and various other academic and research oriented events through out the world
9. Conduct in house training sessions to avail finds for faculty development procedures

6.3.2 What are the strategies adopted by the institution for faculty empowerment through training, retraining and motivating the employees for the roles and responsibility they perform?

The institution has spread out pograms for the training, re-training, and motivating the employees with new roles and responsibilities. These are as under:

- 1 Regular in house training programs for new courses, infrastructures, ICT devices and new setup
- 2 Encouraging faculty to jon latest refresher and orientation programs as per need
- 3 Guest lectures on emergent issues
- 4 Online training programs on required fields
- 5 Role sharing by rotation for new initiatives, courses, running the courses, co-curricular activities
- 6 Inhouse lecture series
- 7 Book publications by bhavan's Publication House Ahmedabad Kendra
- 8 Promoting to take initiatives at College, university and National levels
- 9 Participating in International events through college MOUs

6.3.3 Provide details on the performance appraisal system of the staff to evaluate and ensure that information on multiple activities is appropriately captured and considered for better appraisal.

The Institution has college software. Through this software under faculty programme there is a provision which allows the faculty members to update each and every information which is required academically and professionally.

Apart from this, there is an inhouse IQAC cell which compulsorily collects any information which is new addition to the faculty's profile. This also enables the College to capture the activities of the faculty.

6.3.4 What is the outcome of the review of the performance appraisal reports by the management and the major decisions taken? How are they communicated to the appropriate stakeholders?

The valuable information that the faculty furnishes is used at various levels. Most importantly, these information belong to different fields like academic, administrative, cultural, society oriented, service oriented, professional, curriculum development, working as guide for research programmes like Ph.D and M. Phil., visiting faculty etc.

Accordingly this information is passed through personal meetings, letters, visits and inhouse seminars to the concerned stakeholders.

Many a times the faculty themselves approach the stakeholders and furnish the information.

The College also brings out the advertisements in the newspapers.

6.3.5 What are the welfare schemes available for teaching and non teaching staff? What percentage of staff have availed the benefit of such schemes in the last four years?

For teaching staff:

The Institution helps the teaching staff for the Research initiatives; the Institution has credit societies to overcome the financial problems, for the teaching staff Duty Leaves (DL) are granted for various research oriented works, the Institution also arranges the co-curricular activities for the teaching staff improvements.

Hundred percent staff takes advantage of all these schemes.

For Non-Teaching Staff:

The non-teaching staff is motivated to avail training and participate in in-house and outside campus arranged training and workshop programs. They are also given the allowances, computer trainings and duty leaves under the welfare scheme.

6.3.6 What are the measures taken by the Institution for attracting and retaining eminent faculty?

The inhouse cordial atmosphere, understanding at the administrative and managerial level and motivating atmosphere enhances the chances of retainments of faculty with the college. The upgraded, advanced and newly introduced state-of-art infrastructure also provides ample comfort and conducive environment to the faculty members.

The college keeps on arranging faculty oriented events in the campus.

This motivates the faculty members to remain with college even though they are offered positions at some other places.

6.4 Financial Management and Resource Mobilization

The College falls under grant-in-aid category. The only source of money is the state funding agencies. UGC and State Government provide development and maintenance grants to maintain the college and the courses.

Apart from this the College also applies under different schemes to these agencies and avail additional grants under several heads. In past three years the college has been able to avail the grants under these titles from these two agencies:

- 1 additional development grant: Rs 25 lakhs from UGC
- 2 College with Potential for Excellence grant: Rs 1 Crore (received 50 %) From UGC
- 3 Saptdhara grants: Rs 60.000/- From Govt of Gujarat
- 4 Organising Youth festival Rs. 3 lakhs from Gujarat University

Apart from this the College also motivates the donors and society to participate into the growth of the college. This year the College is celebrating 75th years of establishment of its trust Bharatiya Vidya Bhavan and 125th birth anniversary of its founder Dr K M Munshi. To celebrate this twin event the college has been successful in receiving a sponsorship of Rs 20 Lakhs from the State Bank of India.

Similarly the corporate sectors like ONGC are involved in arranging the NSS camps every year.

The Lions Clubs and the Rotary Clubs too get involved in form of joint activities which saves College money in organizing special events.

6.4.1 What is the institutional mechanism to monitor effective and efficient use of available financial resources?

The institution draws yearly plan to concentrate upon short term and long term requirement of the College. This is done with several meetings with staff and management. Quite some time major stake holders are also invited to participate in these discussions.

The stepwise planning and implementation saves from wastage of money. A timely feed back and a monitoring of results ensure the success or failure of the monitoring decisions.

6.4.2 What are the institutional mechanisms for internal and external audit? When was the last audit done and what are the major audit objections? Provide the details on compliance.

The institution is always open to internal and external audit. The IQAC cell prepares its yearly report which gives an idea about the functioning. It has also served as an important tool for the internal audit. Apart from this the College management takes active interest in mapping all round development

and functioning of the college. Apart from bi-annual meetings with management, intermittent visits and meetings with management gives ample opportunity for internal audit.

The College was assessed by the department of higher education of State of Gujarat under Chalo College Abhiyaan where a team of experts visited the College and evaluated its academic and administrative performance.

The major objection includes lack of teaching staff, staff on leave, lack of some infrastructural provisions like reading room or old infrastructure etc.

Some of the objections which were directly under the preview of the College have been complied with like infrastructure changes to provide more student friendly services, reading room is provided, college is equipped with wi-fi, e-library and e journals as per the demands and objections of the audits.

6.4.3 What are the major sources of institutional receipts/funding and how is the deficit managed? Provide audited income and expenditure statement of academic and administrative activities of the previous four years and the reserve fund/corpus available with Institutions, if any.

Please find enclosed the audited accounts for last four years. The College faces major deficit on account of scarcity of staff. The management has to employ a number of teaching and non-teaching staff to bring some ease in the working. The deficit is tried to be managed by donations and financial support by the stakeholders.

6.4.4 Give details on the efforts made by the institution in securing additional funding and the utilization of the same (if any).

The College has been able to avail funds from UGC and the State Government. It has availed the most prestigious grant from UGC: CPE (College with Potential for Excellence). In addition to this it has also availed sponsorships from the State Bank of India to engage in Publications, Global conference, lecture series, colloquia and seminar and symposium.

6.5 Internal Quality Assurance System (IQAS)

6.5.1 Internal Quality Assurance Cell (IQAC) Has the institution established an Internal Quality Assurance Cell (IQAC)? If 'yes', what is the institutional policy with regard to quality Assurance and how has it contributed in institutionalizing the quality assurance processes?

Ans. Yes. The college has duly established IQAC system. It has members from management, academic fraternity, society and employers. It is formed as under:

- a) Head of the HEI – Chairperson : Dr Neerja Arun (Principal)
 - b) Five senior teachers and one senior administrative official - Members
 1. Prof. R. D. Jani (Teacher), Head, Department of Economics
 2. Shri Sheelnidhi B. Mehta (Teacher), Head, Department of Sociology
 3. Mrs. Vidya Rao (Teacher), Head, Department of English
 4. Mrs. Niranjanaben Brahmhatt (Teacher), Head, Department of Gujarati
 5. Mrs. Desdemonaben Patel (Teacher), Head, Department of Sanskrit
 6. Shri B. D. Prajapati (Member of Administrative Staff), Clerk
 - c) Two external experts on Quality Management /Industry / Local Community – Members
 - Mrs. Sadhna Bhatt (Nominee from local society)
Director
Akashwani
Ahmedabad
 - Mr. Rashmikantbhai Shah (Nominee from local society)
Proprietor
Jamnadas Publications
Ahmedabad
- Coordinator of IQAC– Member Secretary
- Prof. M. T. Kahar, Head, Department of Psychology
- a) The IQAC is functioning not only to generate annual report for NAAC but it also serves as the benchmark for different college policies.
 - b) How many decisions of the IQAC have been approved by the Management / authorities for implementation and how many of them were actually implemented?
 - c. Does the IQAC have external members on its committee? If so, mention any significant contribution made by them.
 - d. How do students and alumni contribute to the effective functioning of the IQAC?
 - e. How does the IQAC communicate and engage staff from different constituents of the institution?

The college works on pyramid style as far as involvement of faculty . there is an internal committee which gathers regular information from the faculty. Same is communicated them through internal meetings.

6.5.2 Does the institution have an integrated framework for Quality assurance of the academic and administrative activities? If ‘yes’, give details on its operationalisation.

There is integrated approach in terms of the involvement of diverse members of the IQAC which involves college as well as external members associated with academic and administrative works through various sections of society. Faculty members undertake several quality enhancement initiatives in teaching, learning and evaluation and counsel students to improve their academic performance and overall personality. Students and teachers are encouraged to participate in conferences, present papers and publish research work in scientific journals and remain updated on their subjects. A record of such activities is maintained and analysed as part of quality assurance. Our yearly calendar is an excellent mechanism contributing to the quality enhancement of the institution. The IQAC meetings provide opportunity to interact with members of academic and administrative fields which is very helpful in understanding and appreciating mutually their problems, concerns, suggestions and inputs. They prove to be very constructive in integrated planning and execution of IQAC’s decisions and proposals.

6.5.3 Does the institution provide training to its staff for effective implementation of the Quality assurance procedures? If ‘yes’, give details enumerating its impact.

The College gives a great importance to IQAC’s suggestions. Many of the advices are effectively followed and implemented for quality improvement. But sometimes, both the teaching and non-teaching staff does require extra level of efficiency, expertise and skills for better results. The College has organized many capacity building programmes, training, skill development programmes, training programmes for interactive media and classroom techings, computer, blog making and training for SCOPE programmes for English skills etc. The college has sent its faculty and non teaching staff for instruments; computer and software related training workshops.

The College is recognized as the Capacity Building Cell by the department of Higher Education Government of Gujarat. Every year college organizes three days workshop sponsored by Knowledge Consortium of Gujarat for the faculties from all over the Gujarat region for the preparation for the research

- The College organized national level conference on Human Rights on Women and Children in 2011.
- To empower the faculty members with advanced techniques, the institute organized a workshop which was sponsored by KCG.

- UGC CPE sponsored National level seminar on Indian-ness of Writings in English.
- SBI sponsored Global Conference on Global symbols and images of world democracies

6.5.4 Does the institution undertake Academic Audit or other external review of the academic provisions? If ‘yes’, how are the outcomes used to improve the institutional activities?

Ans.

Yes. The College constantly opens itself for external review. Higher education Department of Gujarat has a program of assessment called ‘Chalo College Abhiyaan’ comprising of leading academicians of the state. The college had an academic and administrative audit under this program.

The affiliated university has a system of Local Investigation Committee (LIC) which physically inspects the college and also reviews the report submitted by the college regarding academic process of the college. Administrative work of the college is reviewed through the Academic and Administrative Audit (AAA) by the state government (KCG).

- The College was accredited by NAAC in July 2008 and is now preparing for the next NAAC accreditation in 2013; this process is also analogous to academic audit.
- Parents, persons related to academic work coming from other institutes Universities, active members of civil society give their suggestions and input during their visits to the college. These suggestions and reviews are very helpful in designing quality process action plans. Through HODs and senior teachers, the Principal remains in touch with performance level of teachers, completion of syllabus and other academic requirements and shortcomings of the students and teachers.

6.5.5 How are the internal quality assurance mechanisms aligned with the requirements of the relevant external quality assurance agencies/regulatory authorities?

The College is affiliated to the Gujarat University, Patan and approved by the University Grant Commission, New Delhi and State Government. All compliances are made as per the requirements of these three bodies, from time to time. The best practices of the institution are:

- _Continuous interaction with the university leading to the incorporation of state government suggestions and UGC guide lines.
- _Implementation of periodic recommendations of the local inspection committee of University.
- _Involving both teachers and students in activities that sensitize them to social and environmental issues.

- _ Provision of well-furnished in-house infrastructure, computer laboratories, library, auditorium and basic amenities
- _ The suggestions made by the external agencies such as Knowledge Consortium of Gujarat, Director of education and Commissioner of Higher Education are given importance during IQAC meetings.
- _ Suggestions from alumni and experts' visits have been of great value to IQAC's planning.

As the college emphasizes more on grooming the students into professionals, highly qualified and industrially experienced faculties have been appointed. As per the suggestion of the IQAC, college has improved various innovative teaching methodologies.

College has various ways of reviewing its teaching and learning process

- _ College takes feedback from students, parents and other persons regarding needs and changes in current teaching and learning work
- _ College is one of the many sister institutes managed by the common managements, this allows to share certain common issues related to teaching and learning with other colleges.
- _ Visits of other institutes made by the members of the college are also very important, as they provide comparative analysis of college activities with other institutes working effectively.
- _ Feedbacks from participants and experts during and after seminars and training
- _ programmes help us in assessing our teaching and learning process's outcome (Effects).
- _ The HODs and Principal keep evaluating and reviewing teaching and learning processes of departments and the college respectively.
- _ The reviews, analysis and suggestions are discussed mostly in the meetings of HODs with the Principal and sometimes with the management also if required. The necessary steps are taken at departmental, college and management levels to ensure quality teaching and learning. The classroom tests, classroom attendance, interaction and performance of students during classroom teaching and practical are observed and analysed by individual teachers. They provide their inputs to the HODs mainly, and sometimes to the principal also.

6.5.6 What institutional mechanisms are in place to continuously review the teaching learning process? Give details of its structure, methodologies of operations and outcome?

As the college emphasizes more on grooming the students into professionals, highly qualified and industrially experienced faculties have been appointed. As per the suggestion of the IQAC, college has improved various innovative teaching methodologies.

6.5.7 How does the institution communicate its quality assurance policies, mechanisms and outcomes to the various internal and external stakeholders? Any other relevant information regarding Governance Leadership and Management which the college would like to include.

College communicates with the stake holders through various ways:

- _Apart from the college web site, the institution communicates its quality assurance policies, mechanisms, outcomes and other events by newsletters. Meetings with stake holders in this regard are arranged every year.
- _Students are the most important members of the entire process. The students are in continuous and direct contact with staff members of the college. They are made aware with quality action plans and process formulated by college. They are specifically given details of innovations regarding new schemes and programs related to research courses. They are also informed about how such innovations would be helpful in

making teaching and learning more interesting. They are also asked regarding their views about entire process.

- _External members are part of IQAC where external members give their contribution in process and mechanisms.
- _Past and present students are members of the group made by college on social networking sites (Facebook).

Any other relevant information regarding Governance Leadership and Management which the college would like to include.

Bharatiya Vidya Bhavan Society is registered trust with vision of igniting flame of education in economically backward society of Ahmedabad region.

A managing committee is centre of decision making and formulating various quality improvement decisions. Members of managing committee are highly educated intellectual persons. They are working as industrialist, Lawyers and Businessmen and serving society in many different ways. Because their roots are in Ahmedabad, they are also concerned about status of institute and management. Managing committee implements their prospective plans through Ahmedabad based local governing body.

Bharatiya Vidya Bhavan has formulated an effective financial policy for various staff members working in different educational institutes under Bharatiya Vidya Bhavan.. This includes salary structure, financial saving scheme in the form of EPF. Management helps students with poor economic condition by waiving fee of certain students.

- _Faculty members of institute and management are also members of various university bodies, NGOs, research journals where they immensely contribute in formulation of policies through broader quality process.

Criterion VII: Innovations and Best Practices

7.1 Environment Consciousness

7.1.1 Does the Institute conduct a Green Audit of its campus and facilities?

We have tried to develop awareness for ecological concerns. The scarcity of place within the campus has led to undertake activity to make the pavement opposite to college green. The staff and students have planted more than 5000 plants. The campus is more eco-conscious and it is FREE PLASTIC ZONE. We celebrate world environment day, ozone day etc. for environment consciousness. We are going to plan for maximum utilisation of solar energy through solar lighting and solar heater in our campus. Administrative office is fully computerized and almost all the correspondences are made through email and SMS which minimize the use of paper. Disposable materials give preference at almost all functions.

7.1.2 What are the initiatives taken by the college to make the campus eco-friendly?

- Energy conservation - Strict measures in using the electricity and encouraging to save electricity
- Changing the current attitudes among staff and students regarding the use of electricity.
- Use of renewable energy - Planned to install solar units inside the campus.
- Water harvesting - Installed in various places inside the campus
- Plantation - For making green campus, Staff and students have planted more than 5000 trees opposite to the campus. Moreover, NSS and NCC units provide their extension services in the campus and outside the campus for plantation.
- In addition to that, during recent Uttarakhand calamity, the College has taken a lead and has adopted a village which was washed away in the Cloud Burst. It is now being developed again in eco-friendly conditions.
- Hazardous waste management - Effective housekeeping system is practiced where hazardous waste management is effectively taken care. The campus is more eco-conscious and it is FREE PLASTIC ZONE. paper waste is discarded by fire,

7.2.1 Innovations Give details of innovations introduced during the last four years which have created a positive impact on the functioning of the college. Use of new technology for better output:

Ans

- E-waste management - Strict procedures are followed where the e waste management is taken care by the management and housekeeping systems.
- Admission process, examination process and other office work are made more accurate, speedy and eco-friendly through adopting atomization functioning. Faculty training in concerned subjects is made available within and outside the campus.
- Society oriented work like rehabilitation work in Utrakhand has been undertaken by Principal and students. This includes adopting a village for eco friendly rehabilitation rebuilding in association with Government of Utrakhand, Parmarth Niketan and other NGOs.
- An attached list of 15 villages shall show the implementation of solar lights in Utrakhand in disaster hit areas. The activity is taken up uniquely by the college which also becomes the only college in Gujarat to undertake this type of activity.
- ICT based teaching methodology is given preference, almost all the labs are upgraded with LCD projectors and Wi-Fi enabled campus and internet facility and created power point presentations and other e-contents for smart teaching.
- Library up-gradation with increase in number of subjective reference books, e- books, research journals, periodicals, newsletters. Collaborations with British Library, Inplibnet and Open source E libraries are made for the benefit of the research students of the respective subjects.
- Information and notices are circulated through SMS, the college newsletter, website and e-mail.
- Virtual Research cell is regularly maintained at the college website for contemporary participation in the research activities.
- Students and parents are invited to give their suggestions, feedbacks and comments through college web-site. Admission forms and other administrative forms are available on the college website and students can fill up its online.
- Campus activities are monitored through CCTV cameras which help to maintain discipline and security.
- RO filter with cooler is made available to provide safe drinking water.
- An international conference organized by GLOCALL, (Global organization for Computer Application in Language learning), Australia shall be organized for the first time in India in November 2014. The prestigious conference has chosen our Institution the India venue. A call shall be issued in Vietnam in November 2013 in this regard.

Best Practices:

Title of the best practice

1. ICT Enabled Culture

- In past four years the college has improved drastically its infrastructure to match with the ICT needs to upgrade teaching-learning, research and administrative and financial functioning.
- To achieve this, college has implanted Wi-fi in the entire campus. The faculty is provided with the laptops, the administrative, financial, library and all support services are made paperless by desktop software system with a dedicated server.
- The language laboratory is fully functional
- One online examination laboratory is also established in the college. This shall enable online competitive exams in future.
- Apart from this, all the student registration and examination process is also brought on the interface.
- The college has dynamic website which allows daily updating of information.
- In addition to this a virtual research cell is also placed at the website which links to penultimate information about conferences, seminars, funding agencies and proceedings through out the world
- An online placement cell is available to students on the website which allows 300 employers to select from the college students' data.

The Accounts Officer
University Grants Commission (WRO)
Pune-411 007.

Subject: Development assistance to colleges for Merged Schemes under XIth Plan- release of grants-in-aid.
Sir/Madam,

On the basis of the recommendations of the Expert Committee which assessed the XIth Plan development proposal of Bhavan's Sheth R.A College of Arts & Commerce, Khanpur, Ahmedabad Ahmedabad 380001 and UGC approval letter no F.1-1/2009(RO/Policy/Interface Meeting) dated 28.10.09, the following allocation cum sanction has already been made. Now we hereby convey release of 80% of remaining grant for Books, Journals & Equipment under the component Special grant for enhancement of initiative for capacity in colleges (Sr. No. 6). Now the total allocation for Books/Journals & Equipment becomes 100 % under this scheme so that colleges can utilize these grants more meaningfully.

Kindly ask the Principal(s) of the above College(s) to send a Certificate to the undersigned that (a) the data provided by them in the proposal are factually correct, (b) the college is a grant-in-aid/Government/Constituent college and (c) the college agrees to abide by the decision of the Commission in revoking the CPE status, if it is later found that the data submitted by the college are found to be incorrect.

If the selected college(s) have not obtained autonomous status so far, you may advise them to take immediate steps in this regard. In case your University Act does not provide scope for conferring autonomous status to the colleges, I request you to take necessary steps to introduce suitable amendments in your University Act.

Finally, wherever all the slots allocated to a State/Union Territory have not been filled up during the fourth round, fresh proposals will be invited to fill up the vacant slots. You may advise your colleges accordingly. The details regarding vacant slots may be seen on the UGC website www.ugc.ac.in

Receipt of this letter may kindly be acknowledged.

With kind regards,

Yours sincerely,

<p>F.No.12-1/2010 (NS/PE)</p>		<p>September, 2011</p>
<p>Dear Sir/ Madam,</p>		
<p>This has reference to your communication recommending five colleges for selection under the scheme "Colleges with Potential for Excellence" (CPE) during Round-IV, for which applications were invited upto 30th September, 2010.</p>		
<p>The proposals of the colleges recommended by your University were evaluated by the Working Group on CPE appointed by the Chairman, UGC, using a scoring scale. Based on the above evaluation, the Standing Committee on CPE had shortlisted 56 Colleges to be awarded CPE status. These 56 colleges were invited to UGC office during 30th May, 2011 to 2nd June, 2011 for an interface meeting with an Expert Committee for a presentation of their Action Plan and Budget. Based on the discussion, the Expert Committee recommended only 50 colleges for the award of CPE Status. This was placed before the Standing Committee on CPE at its meeting held on 8th August, 2011. The Commission at its meeting held on 24th August, 2011 considered and approved the recommendations of the Standing Committee on CPE.</p>		
<p>I am happy to inform you that the following college(s) affiliated to your University have been selected for the award of CPE status during Round-IV.</p>

POST ACCREDITATION INITIATIVES

Since last four years major changes have occurred in the educational scenario in the college. The college has adopted Choice Based Semester System in all the programs offered in the college. All the courses also have been converted into Honours degree at the undergraduate level.

The college is also made a recognized center for conducting research programmes for M.Phil. And Ph. D. Programs in Indian Diaspora, Management and English Literature and language. It has a strength of 1980 students. It is one of the oldest colleges of Gujarat.

The changes in past four years in academic and administrative scenes bore positive results. The College results have improved to 94 % (Which ranged between 64%-68 % earlier).

In 2009, India Today rated Bhavan's as one of the best 50 Commerce Colleges in the country. In 2011 The Week rated the College for Commerce Faculty as one of the best 25 Colleges in the country and India Today rated it among best 50 Colleges in the country for Arts faculty.

The College which was deprived of funds for many years got the grants in last two years worth Rs. 1.45 Crores from UGC under most coveted CPE and Additional Development Grants. This resulted into high end IT enabled infrastructure at the classrooms, campus, laboratories and Auditoriums.

This resulted into organizing a number of Global and national conferences, seminars, colloquia and research oriented special lecture series. The college also hosted Youth festival for Gujarat University in which about 3500 students participated.

The college has been able to start in-house publication at Ahmedabad Kendra. Since it has already published two books and four are to be released in December 2013. All the books are penned by eminent scholars of India and abroad.

The college has started an ISSN international journal Tri-Annual from this year Bharatiya Manyaprad. This constitutes a very eminent editorial board.

College has organized a number of workshops, orientation, training sessions for the faculties at state, university and college level. College has been given additional charge from the Government to become the model

college and it initiates the prospective programmes in education on behalf of HE department and University.

The college is a prestigious research center. Two foreign students from USA have been awarded under co-guideship to the college by the university.

It was the College is shortlisted by CNN-IBN for young Leaders of India award for 2011-2012.

Today the college can boast of 100 % multimedia classroom with hi-end interactive facilities for faculty and students.

The college is very alert and active to deliver its social responsibility. Its NSS and NCC units are very sensitive to the demands of the society. Apart from arranging a number of rallies, walk marathons, candle march and poster rallies for social causes, it also actively got involved in recent Utrakhand Disaster hit devastation.

The college has improved in past few years its students quality, filled the vacant seats to a greater extend, improved its research oriented activities for students and faculty members and for non-teaching staff.

The college has made its working environment totally paperless by bringing administration, finance, admission, examination and all academic functions on inhouse dedicated server.

The Government of Gujarat has acknowledged the efforts in the field of education and has appointed the Principal as member of a number of tender committees for Higher Education. It is also a valuable role at Gujarat Knowledge Consortium as the principal is the coordinator of district. The college faculty members have also been appointed to a number of policy making bodies for higher Education in Gujarat State, University and many other Universities in India and abroad.

The role at Gujarat University is much larger as the Principal been one of the policy makers for bringing the Global environment to Gujarat University. Under Study Abroad program GU has 277 students from different countries. The college also looks after the ministry of Human resource development of India and embassies of different countries for MOUs with Gujarat University. The Principal of the college was the designer cum coordinator of Choice based Semester System for Gujarat University. The Principal is the member of Vice Chancellor's Core committee.

The college has excelled in sports winning a number of national events in Soft-Ball and wrestling. It also produces one national cricketer who now plays for reputed clubs of India and Canada.

The College has made its mark in the larger society due to which The State Bank of India accepted its request to become the partner in Twin Celebration and awarded a fund of Rs 20 lakhs as CSR activity, the highest ever sum given to a college for celebrating cultural and intellectual events in a year.

In past five years the college has enhanced its reputation and is counted as one of the leading colleges of India.
